Foreword

I speak not with the tongues of mortal men but with the pens and deeds of my loyal makers, the sons and daughters of old M. S. N. S. I, their Alma Pater, shall set forth the joys that come from within my covers. My make-up changes from year to year so that I may give variety to the entertainment of my silent listeners. One glimpse enthralls you to a further reading of my pages. What do these pages mean to you? They mean that the happiest times of your lives, those fond memories of friends and associations will be stamped indelibly for future reflection.

Happiness and joy are my daughters; service and conquest my sons. I shall give to you my daughters and reveal to you my sons for the glory of your Alma Mater and for your pleasure.

I am the true and real portrayal of actual school life. Everything from the minor to the major affair is impressed on my leaves.

Why do I occupy the important position of the school in the students' realm, and why am I the pinnacle and climax of the school year? No person is overlooked in my roll call. I am you, for you can give me life and spirit. or can cut the source of my being. No matter how you mould me, I am still you. Even though I have new people to fashion me each year, Carontawan, the soul of our school goes marching on.

Editorial

"Thou that teachest another teachest thou also thyself?"

Since the dawn of man people have tried intentionally, and without any purpose in view to hand down to their offspring and posterity some record of their lives and activities. By indistinct mumblings and later by carvings in stone man transmitted to his descendants the knowledge and attainments of the race. To him this knowledge meant the perpetuation and advancement of the human family. To us this knowledge means also progress, but it is not so apt to be lost as his, for in this age the printed page may be consulted if there is a doubt as to the advance man has made. Complexities have entered into the knowledge of today so that now it is divided into branches of learning, and records or tales to be told in one's leisure moments. A school yearbook does not represent any specific type of educational text. This volume, as others have done, reflects the type of school, the quality of teachers through the students, and the brand of students produced here. The tendency in most school annuals has been to deaden them by formal classification of material. This Carontawan Board has endeavored to avoid a path of false images, make this a mirror of student life, and yet make it a lasting literary work.

Any piece of writing cannot truly picture the real spirit of our Alma Mater or the general atmosphere of the school itself. The pages within these covers may mean to a stranger only a series of faces and writings, but to us who have endeared ourselves unto our associates, it means more than words can tell. One glimpse of these leaves, so pure and chaste in thought, and we sense countless memories of by-gone days. We can feel a traditional air bound up with the book that carries us on wings of ecstatic joy into the land of yesterday and sets us to dreaming of the sweetness of the future. Ah! We have found the key to memories and friendships, Carontawan! Let us use it when dull care overtakes us in the coming years.

Seniors II

HELEN ABELL — **Rome, Pa.**

Dramatic Club; Hiking Club; Rurban Club.

Helen is always laughing and full of fun. Nevertheless, she is always ready to attack the duties of her class and if you need a true friend, here's one.

Helen is studious, ambitious, and eager for advancement. Endowed with these characteristics we are sure she will make a teacher of which M. S. N. S. will be proud.

WILLARD ACKLEY — **Mansfield, Pa.**

Glee Club.

Willard has made a prominent place for himself in our ranks. His composition, which has been chosen for our Class Song, shows the type of work he does.

Willard is different from the rest of us in that he is the head of a family, and an interesting and brilliant little one at that.

Success to you in music and the teaching profession.

LAVINIA ALLEN — **Carbondale, Pa.**

Lavinia--the smiling girl. However smiling she may seem she has her serious moments. She has many friends, gained by her pleasant disposition. She is also very much interested in Vails, especially those found in Carbondale.

MARGARET ALLEN — **Galeton, Pa.**

"Peggy"

Hiking Club; Athletic Club; Y. W. C. A.

A girl who is recognized by her ever pleasing smile is loved by all in both North and South Hall. The motto, "variety is the spice of life," is thoroughly sanctioned by Peggy. She has chosen the Kindergarten course and we can readily see that such a course is practical.

HAZEL ARNOLD **ULSTER, Pa.**

"Hake"

Dramatic Club.

"Always happy, ready to sing, fond of candy, 'n everything." Although Hazel has not been with us long we have learned to know and love her as a true friend and pal.

We are sure Hazel will succeed as a teacher, if she follows the profession, but when we see her "waitin' for the evenin' mail", we wonder just how soon she will begin a course in home-making—you know, "still water runs deep."

LUCY ASHLEY **Mansfield, Pa.**

Cecelian Glee Club.

"Turn the dark clouds inside out" applies to her, for nothing wipes off that smile even when the flivver goes wrong. Her spirit of helpfulness might win for her the name of "Willing Willie".

Last year Lucy's interests were centered mainly around the "Tailor", but this year there has been a change and she now enjoys "Marbles". Here's luck, anyway, Lucy.

BEATRICE AYERS **Clark's Summit, Pa.**

Outdoor Club; Y. W. C. A.

"Bee" or "Beezums"

"Bee" is noted for her dimples, and her vivacious smile. Dancing is her favorite pastime. 'Art" is her favorite subject. We all wish her success in her chosen vocation.

"She is a friend worth while, and one with a smile,
Always ready with a jolly 'Hello!'
She is a friend who can grin, nor thinks it a sin
To laugh away trouble or woe."

MILDRED BAITY **Covington, Pa.**

"Mil"

Dark brown hair, big brown eyes, round face and a happy smile, that's "Mil". She is always ready for a good time, especially at socials near "B——y", etc. But we won't tell anymore about that.

This is not half though.

"Jolly and neat, pretty and sweet.
Just to be with her is really a treat."

ELEANOR BALLARD — **Troy, Pa.**

"Eli"

Although "Eli" is not one of "the old familiar faces", having joined us this year after two years at Elmira College, we have found her to be a true friend to each and everyone, and the best kind of a sport.

We often wonder why the daily pilgrimages to the Post Office, Eli!

MARGUERITE BENJAMIN — **Scranton, Pa.**

"Maggie"

Y. W. C. A.; Glee Club; Hiking Club.

Marguerite is pious, industrious, studious, and good natured, in all a peach of a girl. She loves to finger the keys and warble like a bird.

"Work a little, help a little,
Busy all the day;
Read a little rest a little,
Have a little play."

This is Maggie's motto.

MARY BENNETT — **Laceyville, Pa.**

Mary is a good worker and a good teacher. After all that is of prime importance in our profession. Those who know her best say that she is full of fun, a good sport and always in for a good time. Add to that the fact that she is always willing to help others and you will have a fair estimate of Mary.

MARGARET BITNER — **Jersey Shore, Pa.**

"Peg"

Dramatic Club; Hiking Club; Y. W. C. A.; Athenaean Literary Society.

Here's to Peg, an M. S. N. S. live wire. One can never feel blue around her. Her jolly good nature and her keen sense of humor make one see the funny side of everything; this has won for her many friends. Peg talks and talks, but what better asset could a school teacher and elocutionist have? Here's wishing you success in your life work and may you always be just "Husky".

MRS. LUTTRELL BAUDEMAN

Speaking of efficiency, well, that is Mrs. Baudeman. How we all have envied her many abilities! She is always ready for any undertaking, and enters into it with all the "pep" and vigor possible. She entered our midst at the beginning of the second semester and has become such a faithful and conscientious student that the class would not be complete without her.

RUTH BLAIR **Covington, Pa.**

Socials?

Ruthie Blair, the girl with the pretty black hair. Sunny disposition? Yes, except when told her teaching assignment was music, and then, oh, pshaw (Shaw). Her smile is very contagious and is the kind that wins her friends wherever she goes and having won them, keeps them, because she's a jolly good sport.

MARGUERITE BOSSERT **Wilkes-Barre, Pa.**

Rurban Club; Athletic Club.

A cup of Irish wit—a glass of French daring,
Black eyes, black hair, dancing feet, Charleston street,
A way of not caring.
Writing letters, hating fetters; belong to the go-getters,
This girl, Marguerite, snappy and sweet, hard to beat:
Our girl friend we greet.

SARA BOWER **Jersey Shore, Pa.**

Athenaean Literary Society; Hiking Club; Cecilian Glee Club; Y. W. C. A.

Sara is a blond and as good as gold. Your first impression of her is that she is very quiet. But that won't last long for you will find her quite a live wire and always ready for fun. Ask "Sorber", he knows. Singing is her hobby. She is a faithful worker in her societies. Loved by everyone in M. S. N. S., the best friend anyone could have. So here's to you, Sara, wishing you success and happiness.

RONALD BRACE **Mansfield, Pa.**

And here's "Ronnie" Brace. Any one who knows him knows he did love his Art class. Ronnie says he liked summer school better because there were only nine weeks and he spent three of them in "camp". He is the accepted down-town "sheik". He is impartial with his gifts and charms along this line. But "with all his faults, we love him still", and we are hoping for him his share of the world's success.

MARTHA BRATZ **Cross Forks, Pa.**

Hiking Club; Y. W. C. A.

Quiet? Yes, Martha is quiet, but we like her just the same. When she makes a friend she makes a friend throughout. She is studious but likes to have a good time, too.

EMMA BRIGHT **Throop, Pa.**

Emersonian Literary Society; Hiking Club; Y. W. C. A.; Art Club.

To know her is to love her. She talks very little, but when she does she says something.

Emma comes to us from Throop, rather a small place, but then it is the small dynamo which furnishes power to light a whole city. So it is with "Em", she can enlighten you on any subject. She does not seem to pay much attention to the boys here, but—there's a reason. "Em" excels in "Arts".

FLORENCE BUCKLEY **Montrose, Pa.**

Athletic Club; Mansfield Masquers.

Florence, one of our late arrivals, is so tiny that her room-mates decidely have the upper hand with her. These same room-mates can vouch for her wit and the quickness with which she has an answer ready for every bright remark. Nobody can get ahead of Florence. She is said to he a fine actress.

IRENE BYSTROM **Arnot, Pa.**

Athletic Club; Rurban Club; Y. W. C. A.; Dramatic Club.

Did you say quiet? Well, yes, maybe, until you know her. But she surely can hold her own. We sometimes wonder why Irene loves to go home weekends. Arnot must have some attraction. Irene is one of the very sweetest girls in the school and proved a great success in Junior High work. She has the respect and love of all who know her.

LAURA CANFIELD **Troy, Pa.**

Orchestra; Glee Club; Y. W. C. A.; Outdoor Club; Dramatic Club; Athletic Club.

Happy-go-lucky Laura. Likes good times, dancing, all kinds of athletics and well—her chief interest is not here. Nothing is serious enough to depress her spirits for more than a few minutes; always rushing at the rate of 2:40, and her tongue keeping up with her heels. She craves romance and declares that excitement is more sustaining than a well-balanced meal.

IRENE CARMAN **Towanda, Pa.**

Athletic Club; Art Club; Y. W. C. A.

Everyone knows Irene. Her cheerful laugh can be heard on third floor any time. It is not necessary to tell her host of friends that she is the life of any crowd for they know it only too well. Irene is a true friend especially to those in need. She has been a successful teacher in the training school, yet it is quite evident that she will not follow the teaching profession very long.

CECILIA CAREY **Middletown, N. Y.**

Glee Club; Hiking Club; Dramatic Club.

"Ceil" is quiet, but her serious look is a camouflage for the laughter and fun underneath. She is little—which carries out the statement that good things come in little packages. And to top it off, she is an adorable chum and a sincere friend.

Do you wonder that all the boys in South Hall are singing, "Oh, Cecilia, say that you'll be mine".

And the girls join in on the chorus.

MACK CHAFFEE — Pottersville, Pa.

"Mack"

Y. M. C. A.

Mack is one of our many live wires; wherever something is doing he is always there with a helping hand. A good fellow, full of fun, and always ready for a good time. When it comes to studying, Mack's very ambitious (?), and as a lover of violin music, his first choice would be a "Drum Solo". Sometimes we think Mack made a mistake by not going to a medical college, but his success as a pedagogue is certain and we wish him all kinds of luck.

LAURA CHAPMAN — Genesee, Pa.

Y. W. C. A.; Hiking Club; Outdoor Club; Glee Club.

In the fall of 1924, a dark curly haired lass, the possessor of two dreamy blue eyes and a winning smile, stepped into our midst and became one of us. Amiable, generous, a good dancer, and a gift of making many friends. This is only a part of Laura. She has interests other than at Mansfield, many week-ends being spent at home ot at Wellsville. May the best of life attend you, Laura.

MARY CHRISTENSEN — Bethlehem, Pa.

Y. W. C. A., Art Club.

Studious, artistic, and ambitious is Mary. But this is not all. She is a fine sport and always ready for a good time, especially after ten o'clock. She is very fond of midnight, ghostly walks up and down corridors.

We expect Mary to be as successful next year in her teaching as she has been in the Training School.

AGNES CLEARY — Mahanoy City, Pa.

Art Club; Athletic Club.

Mansfield would not be Mansfield without Agnes. Her merry smile and twinkling eyes help to make dark days bright and pleasant. At times, however, Agnes is very serious, especially when teaching in the Training School, where she disciplines her prodigies with perfection.

Her home is quite a distance, but we should feel honored—and do—that Agnes chose Mansfield for her Alma Mater. The best of luck to one who has all the earmarks of a successful teacher.

MABEL COCHRAN — Fall Creek, Pa.

Glee Club; Rurban Club; Mansfield Masquers; Athletic Club.

A newcomer here, with brown eyes, brown hair,
and a winning smile,
Fond of her books and yet she does not study all
the while;
Glee club and choir, gym social, too; and wherever
there is work to do.
In basketball, hockey, and clubs she does her part.
But in teaching she likes most to show her art.

ELIZABETH COONS — Canton, Pa.

"Betty"

Glee Club; Y. W. C. A.

"The road to Canton beckons me,
The road to all that's best;
The home road where I weekly see
The castle of my rest."

Thus quotes Elizabeth and leaves for fairer regions, returning with a happier smile and news of home. A rare combination of fun and seriousness is Elizabeth. Her fun-loving disposition is at its best in Pulos' as she says, "A Mexican Sundae for me." She is a true friend and a staunch Cantonian.

RUTH COON — Ransom, Pa.

"Coonie"

Art Club; Outdoor Club; Y .W. C. A.

Although she seems quiet and dignified any of her friends will tell you a different story. Ruth is a very busy girl. She studies, practices, and attends Y. W. C. A. cabinet meetings conscientiously. She is also a happy girl when the U. S. Mail brings her the Princeton Tiger.

"Great feelings hath she of her own
Which other souls may never know.

MARIE COWLES — Orwell, Pa.

Marie was one of our late arrivals, but her cheery smile and winning personality have won a permanent place in our hearts. It didn't take us long to find out that she is fond of music and teaching.

She loves to have something to giggle about and is always ready to laugh at anything humorous. Although she lives downtown she still has time for fun and good times. Here's success to you, Marie.

GLADYS CRANMER — New Albany, Pa.

"Glad"

Emersonion Society; Y. W. C. A.

Gladys, true to her nickname, is always glad and looks on the bright side of life. This little girl came to us this year from another school. She is very industrious and succeeds in everything she undertakes. Gladys rooms on the third floor, but she likes to spend the week-end with her fifth floor hospital friends. We sometimes wonder why she says, "I want to go home". Good luck to you, Gladys, in your teaching career.

INEZ CREQUE — Towanda, Pa.

Athenaean Literary Society; Glee Club; Hiking Club; Y. W. C. A.

Inez hails from Towanda, but that is nothing against her. If Towanda has any more of them, we say "send them over!" If you have the blues, just call on Inez, she never fails to drive them away.

Some day we expect to hear that she is a great Palmer penmanship expert. Practice makes perfect, Inez. Although Inez has been with us only this year, we find in her a worthwhile friend.

BERTHA CRISMAN — Factoryville, Pa.

"Bird"

President of the Student Council; Y. W. C. A.; Athletic Club; Varsity Basketball (Captain).

Who in M. S. N. S. likes "Bird"? I do; you do; everybody does. Why? Because she's just the same sweet girl every time you see her or talk with her; she wins honor for the school by starring in basketball; she never "squelches" us unless we need it; she joins in all our fun and frolic. Hurrah for Bird!

VELMA CURTIS — Mansfield, Pa.

Glee Club.

Did you ever see Velma dance? Well envy her at the gym dances for she is one of our most popular girls. She can "rag" the piano until your feet itch to dance. She sings, but generally sings "Irish" songs—we wonder why? Velma is very tiny, lovable and good natured, therefore during her two years at M. S. N. S. she has made many lifelong friends. Velma has lots of pep, so we are sure she will make good in whatever she chooses to do.

GERTRUDE CUSTER — **Lancaster, Pa.**

"Gertie"

Mansfield Masquers; Y. W. C. A.; Athenaean Society.

Space does not allow us to say all the nice things we would like to say about "Gertie". Her happiness depends on helpfulness as health depends on air and food. She is intent on ministration, always looking for opportunities to be of service to others. She finds the dullest places interesting. She lives in an environment of happiness surrounded by those whom she has helped to make happy.

By her good qualities she has endeared herself to all her classmates, and is prominent in many social activities.

DOROTHY DANFORTH — **Shinglehouse, Pa.**

"Dot"

Dramatic Club; Hiking Club; Y. W. C. A.

One glance at Dot's laughing blue eyes and you are a victim. Everywhere she goes she wins scores of friends. If you ask her what she likes best in life she will promptly reply, "Fun, and letters from Galeton". Dot is a jolly girl, always ready for a good time.

With all of her ability as a teacher, we do not think she will ever go on the pension list.

MARGARET DAVIES — **Blossburg, Pa.**

"Peg"

Outdoor Club.

Peg is the smallest of the "Blossburg Blonds", dainty, graceful, and full of fun. She is always ready to lend a helping hand—especially in love affairs. Peg is inclined to be very studious during the week, but she works with the thought of going home for the week-end. Why? Like Postum, "There's a Reason." Those who know her well can easily guess, because—"Peg thinks a lot of us all."

ADELINE DAVIS — **Scranton, Pa.**

Quiet and dignified, did you say? Yes, but appearances sometimes deceive. In the presence of her intimates she is always full of fun and ready for a good time.

Adeline says she is going to teach five years at least, but we wonder . We are afraid that the attraction in State College may prove fatal to this resolution.

Here's all good wishes, Adeline!

LENA DAVIS — Westfield, Pa.

"Davis or Skinny"

Athletic Club; Varsity Basketball; Y. W. C. A.

Westfield sent us a fine basketball player when Lena came to M. S. N. S. Her prowess along athletic lines is acknowledged by all. But she can do other things besides. Her experience in the Training School was extremely successful. If you don't believe it ask Mr. Retan.

Here's to a mighty good sport, a loyal friend, a girl dependable in all things and ways.

MELVILLE DAVIS — Taylor, Pa.

Editor Carontawan; Y. M. C. A. Cabinet; Rurban Club.

"Mel" has had one of the biggest jobs about the school and he sure has put it across "big". His ability as an editor can be seen as one turns the pages of this book. Mel is a quiet, reserved chap, and is well liked by everyone. He claims that silence is his best partner; we'll probably have to hand it to him on this score.

Melville is very studious and there is no doubt that he accomplishes results. Without a doubt he will be a credit to the teaching profession. We wish you all kinds of success.

EDITH DECKER — Taylor, Pa.

Edith is noted for her witty sayings and quiet replies to all remarks. Her friends say that her favorite song is "Oh! Charley My Boy!"

Never mind, we all like you and your candy.

ELIZABETH DESIDERIO — Forty Fort, Pa.

"Betty Dez"

Emersonian Literary Society; Y. W. C. A.

If you ever chance to meet a little girl, smiling and happy, and humming a merry tune, you may be sure that it's Betty Dez. There are lots of Bettys, but only one Betty Dez. Betty is quiet? especially on week-ends and is always ready for fun bananas and ice cream. Her friendly smile, good nature and good sportsmanship have won for her many friends. Here's to Betty and to her characteristic expression, "Holy Mack".

ANNE M. DOUGHERTY **Kingston, Pa.**

Orchestra; Rurban Club; Mansfield Masquers.

If you happen to hear the exquisite strains of "Ave Maria" coming from Room 524, and glance in, you will see this young musician smiling sweetly over her violin. It's a familiar pose! Or, when it's a letter from "Notre Dame", she will probably be dancing plus the smile

Smiles, music, and love. No hurry, no worry, scraping heels swinging arms, a true desire for friends and peace.

A true daughter of "Pan". Now you have met our Anne.

CHARLES DOVE **Plains, Pa.**

"Charley" "Dovey"

This is one of Plains' productions which came to us in '24, one of the anthracite coal region boys. Charley does not particularly care for social events. He shines in doing Art. Being a good mixer, he has gained for himself many friends, but he is sweet on so many of the gentler sex that it is hard for him to make a choice.

Best luck to you, Charley.

MARGUERITE DUNBAR **Granville Summit, Pa.**

"Peggy"

Hiking Club; Rurban Club; Y. W. C. A.

One glance at Peggy's laughing brown eyes and you are a victim. Everywhere she goes she wins scores of friends. If you ask her what she likes best in life she will promptly reply, "Going home week-ends." Marguerite is a jolly girl, always ready for a good time, especially if eats are mentioned.

We hope she will be successful as a teacher as she has been during her two years at M. S. N. S.

MARY ROBERTA EDWARDS **Kingston, Pa.**

"Red"

Petite, charming and a born coquette is "Red". She is a magnet that attracts, then gives you a shock with her singular temper. Singular, because it reminds you of a sun shower—it lasts a short time. That smile when she receives Fred's missive. Now the secret is out—we know that "Red" has no intentions of becoming a "school marm".

FLORENCE EIFFERT **Milan, Pa.**

Florence is another of our down town girls, and though she has been with us only a year, she has shown herself a good student and a capable teacher. A conscientious worker, she never leaves anything until it is well done—except perhaps to go home.

With her love for children and teaching in general we are sure that she will progress wherever she goes.

FRANCES FORER **Liberty, Pa.**

Y. W. C. A.; Art Club.

Loyal
True
Steadfast
Earnest
Conscientious
Cheerful
Kind
Diligent
That's Frances

MRS. FRANCES FOSTER **Troy, Pa.**

Glee Club.

"Of manners quiet—affections mild."

Frances has many friends in M. S. N. S., although she lives downtown. One might think at first that Frances is very quiet, but she's a jolly companion and a friend worth having. Her untiring efforts in her school work will win her reward in the near future. Here's success to you.

AGNES FRANZ **Shinglehouse, Pa.**

"Agony"

Hiking Club.

She can fool some of the people some of the time, but not all of the people all of the time. When in public our "Agony" seems to be one of those bashful misses. Third floor alley knows that appearances are deceitful in this case however, for "Agony" has the jolliest collection of giggles known, some of which she distributes behind the scenes. At necessary intervals she studies, interspersing her labors with, "Say, now; you girls keep still."

VIOLA GAVETTE **Athens, Pa.**

Y. W. C. A.; Athletic Club.

Viola is noted for her wonderful disposition. She is a happy-go-lucky sort, but will be on the spot when you need help, or someone to sympathize with you. She is pretty, witty, and full of fun. We consider it a great privilege to know her. Her practice teaching has been a marked success and we know she will be a star in her chosen profession.

MARION GREENE **Rome, Pa.**

"Pudge"

Athenaean Literary Society; Hiking Club; Glee Club; Y. W. C. A.

Our "Pudge" needs no introduction, she is one of the jolliest and best loved girls in North Hall. Whenever you hear a good deal of talking, follow the sound and it's sure to lead you to 419, the dwelling place of "Pudge" Greene. You can never hurt her feelings by telling her she talks too much, because she doesn't know how to get cross. "Pudge" is the typical modern girl, always full of pep, fun and dancing.

GLADYS GRIFFITH **Pine City, N. Y.**

Art Club; Glee Club; Y. W. C. A.

Gladys is one of those quiet, sweet girls, about whom we hear very little, yet underneath it all we see a secret. She is very studious, but sure knows how to enjoy a good time. She is noted for her pleasant smile and oh! those pretty eyes! We feel that there is a bright future in store for her, and we wish her the best of luck.

MYRTLE GRUVER **Roaring Branch, Pa.**

Y. W. C. A.

Here's our brown-eyed Myrtle. She has a way which makes one think she is quiet, but still water runs deep. Her wit and congeniality have won her many friends. She always looks for the bright side of life and usually succeeds in finding it. She is a good student and we all wish her success in her future work.

KATHRYN HALLEN — Lawrenceville, Pa.

"Katie or Kato"

Katie, five foot none, beautiful large brown eyes, heaps of heavy dark bobbed hair, and a sunny disposition, this will help you to visualize our Kathryn.

Kathryn hails from Lawrenceville, but we don't hold that against her. She loves good times and is especially fond of Bloss dances (?). She has other interests, some pertaining to the medical profession.

JENNIE HAMMOND — Wellsboro, Pa.

"Jen"

Y. W. C. A.; Outdoor Club; Glee Club.

Jennie is shy and modest to a casual observer. Oh, my yes! But lurking beneath there is a spirit of fun and humor that shows itself at every opportunity. Jen is square to everybody; she is always willing to oblige a friend. No one ever thinks of worrying about her success, we know she'll be at the top.

DOROTHY HARDY — Hop Bottom, Pa.

"Dot"

Rurban Club; Hiking Club; Y. W. C. A.

Dot studies hard, but like the rest of the fourth floor, she never misses anything that is going on in the social life of the school, and mention eats, she's right there.

Dot doesn't say much but we fear she thinks a lot about red hair and Ford cars.

MARY HART — Kingston, Pa.

Rurban Club; Mansfield Masquers; Glee Club.

"Is the mail up?" questions the girl with black hair, laughing blue eyes, and pearly teeth. (Irish characteristics, I'll say.) Mail from Odessa or Plains brings a twinkle to the eyes—other letters will do, of course. If she sails up to her room and emerges to smile all day—well, she received the letter.

Don't get the idea that she's frivilous. No! just true and very conscientious. She has dancing feet, plus a clear brain, and she has plenty of time for her affairs of "Hart".

ANDREW HASTINGS — **Olyphant, Pa.**

"Hess"

Oh, yes, his name is Hastings, but you don't need to remember it, for the only cognomen he has ever been known by is "Hess".

An impressing figure? An influential person? You've said it! When pleas are called for Hess is always the ambassador, for his gift of argumentation is an outstanding quality. Hess excels in many things—as a Terpischorean he is in demand and as a teacher we know he must be a "super".

MARIE HAYES — **Taylor, Pa.**

Hiking Club; Athletic Club; Y. W. C. A.

Dark haired, dark eyed, and little is Marie. Her eyes denote the permanent home of mischief. If good times are going on, roll call will find Marie near the head of the list. Nevertheless, she finds time for her favorite pastime which is reading.

Marie's enthusiasm and pep have many opportunities to assert themselves as Bob participates in almost every athletic event. Nor does she ever lack an escort to any social event, for Bob is always on hand.

MARY HOY — **State College, Pa.**

"Little, but oh, my!"

Mary is good natured and has a happy smile for everyone. Her friends say she is "the best thing ever."

She is reported to be a dandy teacher and one who will forge ahead in her teaching career.

JOHN HENDERSHOT — **Luzerne, Pa.**

Y. M. C. A. President; Junior Class President; Rurban Club; Glee Club; Dramatic Club; Ambulance Company.

Here is one of the most vivacious chaps about the school. John is in everything and everywhere, all at the same time, and things just "hum" when he's around. His interests are not entirely self-surrounding. He takes an active part in organizations, helping them to attain higher goals Jack has proved a very efficient president for the Y. M. C. A He is a good student, and also knows how to take care of himself. Jack, we don't doubt your success for one minute, but here's lots to take along.

ELIZABETH HOAG **Bellefonte, Pa.**

Outdoor Club; Y. W. C. A.

Betty, one of the two delegates from Bellefonte, is a true daughter of the town from whence she comes. It is unfortunate for her that M. S. N. S. is so far away that she cannot go home more often for the week-end for we know there is a far greater attraction there than here. From the selfish view of the subject, it is better for us that she remain here where we can enjoy her true friendship.

CARRIE HOLTON **Mansfield, Pa.**

Glee Club.

Carrie (Mrs. Damon Holton) is a perfect genius. She can manage a man, preside in a most stately manner over a home, and be an all-round Normalite at the same time.

Though she lives down town and devotes every spare minute concocting attractive dishes with which to satisfy Damon's appetite, she always has time for her friends on the hill.

ELSIE HORN **Nordmont, Pa.**

Hiking Club; Y. W. C. A.

One might think at first that Elsie is quiet and reserved but she really is full of fun when one learns to know her. Her quiet, pleasant manner wins her way to the hearts of her many friends. She is not only a good chum and an interesting companion, but is also a very conscientious student, always making it her policy to work first and then play.

The best of wishes to you, Elsie, in your teaching career and in life.

JULIA HOTCHKISS **Lawrenceville, Pa.**

"Judy"

Outdoor Club; Hiking Club; Y. W. C. A.

An odd mixture of seriousness and fun is this fair miss. She presents a personality where in is apportioned agreeably, with and a strain of wholesome deviltry. Julia is not at all a supporter of that old adage, "variety is the spice of life," as she is quite convinced that there is only "one" in the world. We shall always remember "Judy" as pretty, popular, and a wonderful pal to whom we now wish success.

ELIZABETH HOWE — **Osceola, Pa.**

"Betty"

"A willing heart and a helping hand; always ready on demand." That's Elizabeth every time—always ready to help a friend.

Elizabeth has been with us for only a year, but she has proven her worth in many ways. We sometimes think that she will take up the study of Astrology—especially the study of "Stars".

Here's wishing the best of luck to you in Porto Rico next year.

ESTHER HOWE — **Gold, Pa.**

Esther is a very quiet maid with curly hair. She is very friendly, even if some think she is quiet and bashful. But wait until those blue eyes snap when she is shaking up those little ones; if we could only see her then we should change our opinions. Esther will surely brighten the days for someone with her cheerful smile.

We know you will make a success of whatever you undertake and we wish you good luck.

MILDRED HOWER — **Scranton, Pa.**

"Mitzi"

Y. W. C.A.

This seemingly quiet little maiden comes from Scranton. Once you know her you find she is vivacious and full of fun. She has a way with little children which many teachers envy. Mildred is a very conscientious worker and always likes to have her work prepared, nevertheless she often finds time to stop in the Reception Room on social evenings. We expect great success for her in the teaching profession.

INEZ HULSLANDER — **Covington, Pa.**

Y. W. C. A.

Inez hails from Covington. She seems quiet in the classroom, but those who know her will agree that she is fun-loving and ever ready for a good time. Just ask her about "hot potatoes" or "talking over the telephone." We don't believe that she will stay very long in the teaching profession as she is so fond of her "Scarfe".

KATHERINE INGERSOLL — **Nelson, Pa.**

Y. W. C. A.; Emersonian Literary Society.

Another summer school fan who came to us for her practice teaching. Katherine is a studious worker who never allows pleasure to interfere with duty.

She goes home often over the week-end and we hear that she is very fond of red hair. We wonder why.

PAULINE INNES — **Canton, Pa.**

"Palene"

Art Club; Y. W. C. A.

For every evil under the sun,
Pauline has a remedy, or there is none.

Yes, that is Pauline. Her carefree disposition is one to be envied by all. Is she full of fun? Just ask someone who has encountered her playful pranks. Hurried footsteps—a door opens—a rush of air. Ah, there's Pauline. Another rush the door closes—Pauline has gone. Yes! we all love Pauline!

DORIS JACKSON — **Elmira, N. Y.**

Doris is a newcomer to our ranks this year, having transferred from Cortland Normal. Though we are surprised she didn't go nearer Boston, no one regrets her choice as she is a mighty sweet girl and we are proud to have her among us. She is a good sport and has made many friends here this year.

Her favorite expression is: "I took you by surprise that time."

ANNE JALDOSKI — **Nanticoke, Pa.**

"Anner"

Athletic Club; Hiking Club; Y. W. C. A.

Tiny, curly headed, cute and sweet,
She likes to dance and she loves to eat;
She eagerly awaits all State College mail,
And answers immediately without fail.

ANNA JAY — **Scranton, Pa.**

Hiking Club; Art Club.

Anna's meek, Anna's sweet,
Anna's modest and discreet,
Anna's rare, Anna's fair,
Anna's every way complete.

There's more to be said. Anna is kind, generous, willing and sympathetic. She has a very clever adroitness with children and a very keen interest in Manford—athletics.

MARGARET JENKINS — **Blossburg, Pa.**

"Peg"

We have two ways of telling when Peg is around; one is by getting a glimpse of a mass af golden curls and the other is the sound of her ear. Every one knows Peg because of her winning smile and good nature, but if you want to change that good nature ask her where she got her last permanent. Never mind, Peg, we love you just the same. May success and good luck be yours in the future.

MABELLE JENNINGS — **Scranton, Pa.**

Art Club; Hiking Club; President of Athletic Club; Manager Basketball Team.

To the accompaniment of Mabelle's own mandolin we could sing, "Who's that rushing down the hall", for speedy is my lady, and the name Mabelle spells efficiency to those who know her. Her enthusiasm is not wanting, her heart and soul go into everything she undertakes. A sportswoman in the true sense of the word, excelled by very few. As a scholar, a teacher, a pal, she will long be remembered by her large coterie of friends.

IRMA K. JOHNSTON — **East Homer, N. Y.**

Outdoor Club; Art Club.

East Homer has sent us a good type for ambition. Irma is an industrious, studious individual who always has her work in on time. If she doesn't like something, she tells us immediately, and, strange to say, we like her all the more for her frankness.

She may seem rather dignified to a casual observer, but the occasional twinkle in her eye reveals to us that she loves a good time.

DOLORES JONES — **Taylor, Pa.**

Art Club; Y. W. C. A. Cabinet.

Who's that coming down the hall?
Brown eyes, brown hair, straight and tall?
Dolores!
Who's the girl with the sunny smile?
The one we've found a friend worthwhile?
Dolores!

It has been said, "There's a little bit of bad in every good little girl", so it is with Dolores. Her jolly and courageous spirit reveals to us a girl much to be desired as a real friend and companion.

ELIZABETH JONES — **Ogdenshurg, Pa.**

"Betty"

Hiking Club; Y. W. C. A.

Elizabeth, they say is "quiet and dignified". Yes, but ask the girls on fourth if Betty isn't always ready for a good time. She is a conscientious and ambitious student, placing work before play and it is to Betty we go with all our troubles. "A friend in need is a friend indeed."

Knowing her steadfast character we wish her every success in life.

ETHYL JONES — **Wyoming, Pa.**

"Peaches"

Mansfield Masquers; Glee Club; Hiking Club.

The saying is that good things come in small packages and I am very sure of it since I have met "Peaches". Is she clever, too? Well, just listen to some of her philosophies, read her writings, take notice of her drawings, and last, but not least, hear her talk about Huber.

The kiddies in the Training School love her and we know she will become a successful teacher if she chooses to follow the profession.

STANLEY KANIA — **Dickson City, Pa.**

Glee Club; Emersonian Society; Gospel Team.

Stanley often shows is ability as an organist at our movies. How can we expect anything but artistic ability when two-thirds of his time is spent practicing at the organ. Though he is frank in his sayings and set in his ways, we know he will find success in the teaching world.

RUTH KEENE — **Mansfield, Pa.**

Ruth is a very conscientious student. She always does her work thoroughly and well. She is one of those quiet people who say little, but think a lot. In short, we feel that any school board might be proud to acquire a teacher like Ruth. Our best wishes go with her.

ROBERT KELLERMAN — **Taylor, Pa.**

"Bob"

Student Council '25, President '26; Y. M. C. A. Cabinet; Gospel Team, '25, '26; Mansfield Masquers; Varsity Football and Basketball '25, '26; Treasurer of Senior Class; "M" Club.

Hail to one of Mansfield's warriors, a true man in every respect. His influence has been felt in the spiritual realm and on the athletic field. Real sportsmanship is exemplified in our coming exponent of the spiritual art. That which he undertakes to do is certain to move because of his tenacity and thoroughness.

MARGUERITE KIESS — **Athens, Pa.**

President Hiking Club; Athletic Club; Captain Basketball Team, '25.

"Kiessy"

Jet black hair, brown eyes with mischief popping out of them, full of pep, a whiz on the basketball court, at home on the dancing floor, yet very dignified when she is teaching—that's Kiessy.

A discourse on the home town is one of her pet subjects. In fact, if Athens were left for Kiessy to boost, it would soar among the clouds.

CRESCENCE KING — **Knoxville, Pa.**

Glee Club; Athenaean Literary Society; Orchestra; Outdoor Club.

Another one of the Cowanesque Valley bunch, and one of its prettiest, liveliest members. Tall, graceful, sweet, you wouldn't believe that her favorite vegetable is the "Murphy". Now would you? But it is true. Ask anyone from "home".

DEBBIE KNOLLES — Wyalusing, Pa.

Rurban Club.

Debbie came to join our happy throng from the far-off town of Wyalusing. She is fun-loving and good-natured. Ask her room-mate why Debbie always runs to meet the mailman. There's mystery about it. She may not be spoiled, but she always gets everything she wants, even if she has to fall on the ice for it. Debbie studies very hard, but music is her hobby. We know she will be a fine teacher.

REBECCA KULP — Trucksville, Pa.

"Becky"

Emersonian Literary Society; Y. W. C. A.

She's so little—but that's the least of her!
Jolly, good spirits, rippling and rare;
She lives to be happy; has no use for care,
Ambition, never lacking,
A sweet face to give her backing,
She'll win in all she ever undertakes.
Such a pal for any party,
With participation hearty,
Friendships are the easiest things she makes.

VERA LaFRANCE — Laceyville, Pa.

"Ve"

Y. W. C. A.; Hiking Club.

Vera says she can't laugh, but occasionally you hear a quiet chuckle from her, testifying that she has a sense of humor, even though it be concealed under a quiet exterior. Those who know "Ve" best can perhaps solve this riddle—"Why is 'Ve' like a bell?" (Hint: the answer is connected with "Clappers".)

IRENE LANDON — Canton, Pa.

Irene is a quiet lady, with straight dark bobbed hair, she lives down town. She always has her lessons well prepared and on time. We do not know her very well, but we hope that she will become a successful teacher.

MARY LAWLER — **Wilkes-Barre, Pa.**

Athletic Club; Hiking Club; Hockey.

Allow me to introduce our dancer, swimmer and everybody's girl. You should see her head shake and her brown eyes twinkle when the music starts or when she's ready for a dive or best of all, when there's a letter from a man at a University—oh! anyone will do—Bucknell, Notre Dame, U. of P., or Lehigh. But—when you speak of Wellsboro, every frivolous thing fades and she's a serious girl ready to make "Tea for Two."

FRANCES LEONARD — **Blossburg, Pa.**

This tall, light haired lassie has come down every day to be with us, during these last two years. Frances surely knows how to be very dignified in the Training School and classroom, but elsewhere—oh, the difference.

When it comes to dancing she is right there every minute.

HAZEL LEWIS — **Big Flats, N. Y.**

Mansfield Masquers.

We meet her on the campus,
We meet her in the hall;
But when we meet her in our classes,
We admire her most of all.

This little maiden is one of our down town students, whose home is at Big Flats. A kind heart and agreeable ways have won for her many friends. She is a blond, with grey eyes and wavy hair, and possesses a studious nature that betokens future success for her.

ELIZABETH LOUGHNEY — **Pittston, Pa.**

"Libby"

Athletic Club, Hiking Club, Emersonian Society.

Libby is a brunette,
She belongs to the Pittston Quintette;
She likes a good time,
Hails from the Irish clime;
Skating, dancing, she hangs-on
Until the fun is done.
She'll have many escapades
To tell in future days,
It's lots of fun
When it is all done:
School Life, I mean, and it's ways.

BETHEL LOVELESS — Tioga, Pa.

Y. W. C. A.; Art Club President.

"Not to know me argues yourselves unknown."

But, who doesn't know you, Betty? Surely we have all heard your giggle, especially after a joke has been played on someone. However, that's no faulty characteristic, "laughing", for as you know the old saying is, "laugh and the world laughs with you."

But what's this we hear about your liking to meditate on and to ponder over "Clark's Expeditions". Surely you are worthy of "Merit".

HARRIET LOVELESS — Tioga, Pa.

Art Club; Y. W. C. A.

To be with Harriet is a joy. Her merry smile, shining eyes, happy disposition, and unselfish manner has won her many friends. One of her specialties is making "pie-beds". The seriousness with which she clothes herself, after the mischief has been discovered, always drives suspicion in the opposite direction (?). Although Harriet is always ready for fun, she never neglects her duties. Her going home almost every week-end makes us appreciate her all the more when she stays here. Knowing her as she is we predict great success as a pedagogue.

ANNA LOWERY — Wilkes-Barre, Pa.

"Anna Laurie"

Emersonian Literary Society.

"Maxwellton's braes are bonnie." Quiet, studious, and an all around good sport, that describes "Annie". Being the possessor of these three qualities she has made many friends for herself at M. S. N. S. Best of luck in all your undertakings. Anna.

MARY LUCAS — Vandling, Pa.

"Luke"

Athletic Club; Hiking Club.

Those brown eyes are something else besides good-looking, for they almost talk. When Mary came to M. S. N. S. they sure did the trick and won her many friends in both North and South Halls. Her winning smile is sure cure for the "blues", and with Mary as a pal, you can be sure you have a really true friend.

GUY LUDINGTON — Tiadaghton, Pa.

Orpheus Glee Club; Rurban Club.

Guy is a quiet lad, sincere and loyal to his friends, ever mindful of his own business and always willing to lend a helping hand to the distressed. In his studies he is very diligent, always up-to-date and at his best. To his classmates, when they are in doubt as to an assignment, he is a valuable clarifier and expositor. His predominating hobby is studying —Social affairs and girls ????—. However, the girls have an eye on you Guy, Beware!!!!

Guy came to M. S. N. S. with an exuberant ambition to become a teacher; a teacher who will be of service to his fellow citizens. Guy, here's "luck" from the class of 1926.

EARL LUNGER — Athens, Pa.

Vice President Emersonian Literary Society; Rurban Club; Gospel Team; Glee Club; Band; Orchestra.

Earl, the jocular and natural fun maker at M. S. N. S. will never be forgotten among our list of acquaintances. This is not all for if you will but notice the organizations to which he belongs, you will observe that he has music blood in his veins. He is an artist on the clarinet and his singing is a great help to the Bassos in the Glee Club.

His odd, yet intricate dance steps are also a source of envy to many fellows.

AUDRIELLE LYNCH — Athens, Pa.

"Lynchie"

Orchestra; Band; Athletic Club; Carontawan Board.

Here's our proctor. Quiet—oh my, yes! As quiet as anyone can be with a "sax". Gee, can't she tease that pipe of her's though? We'll say. Her descriptive record would run thus—tall, dark and straight, with pretty eyes. But, gracious what a shock they sometimes can give you!

Audrielle, with her ability in penmanship, would be an asset to the trade of any printer.

MARY MacBLAINE — Morris Run, Pa.

Outdoor Club; Y. W. C. A.

So Mary is here from Morris Run,
A mighty good kid, chuck full of fun;
She is loving, quiet, and sweet;
For a friend, in North Hall, she can't be beat.
There is one thing sure, her heart won't harden.
As long as there is a man named "Barden".

DOROTHY MAJOR Wilkes-Barre, Pa.

"Dot"

Hiking Club; Glee Club.

"Your just wonderful; just wonderful to me.
I know not how you seem to be
To others in the world."

Thus say her close friends concerning Dot. They add that she is good-hearted and good natured.

Dorothy liked Nature Study best, part are the birds, and the especial bird is the "Robin".

PHYLLIS MANCHESTER Potterville, Pa.

Phyllis came to Mansfield for the first time in 1923. Owing to the fact that she graduated from a three year high school, it was necessary for her to take high school subjects to make the required number for entrance. In the summer of 1924, faces were cheered again by her presence. Now, once more, she is with us, but this time to receive the long looked for diploma and go out into this great world for service.

KATHRYN MANDEVILLE Canton, Pa.

"Katrina" "Kithern"

Art Club; Y. W. C. A.

We all admire Kathryn in classes, but we've heard it said that she's not always as serious as we see her. She is always ready for a good time and always willing to help anyone.

"Now actually", her favorite occupations are eating and sleeping, that is, with the exception of writing those dearly beloved lesson plans. When it comes to Geography, her favorite state is Massachusetts.

Good luck to you Kathryn. We know you'll make a successful teacher.

LUCILLE MANLEY Nelson, Pa.

Glee Club, Rurban Club; Emersonian Literary Society; Y. W. C. A.

Lucille is one of the fair lassies that room on third floor. To see her walk arcund the halls we think her to be quite dignified, but to those who know her, she is just as full of fun as the jolliest. She is always ready for a good time and her studies do not interfere with her education.

She is quiet and sweet—not like a Quaker,
Much of her talk is about a "Baker";
Whether she is hungry, or just likes the name
That we will leave for her to explain.

ELEANOR MEIER — Wilkes-Barre, Pa.

Hiking Club; Athletic Club; Y. W. C. A. Cabinet.

Are you looking for a rare disposition? If so, you have found it in Eleanor. When help is needed or required she always does her share willingly and untiringly.

One of her chief interests is watching the mail box wherein appear many letters with the "Lehigh" seal. Although the answering of these letters demands much of her attention, she is always on hand when fun begins and stays throughout the time it lasts.

GRACE McGUIRE — Forest City, Pa.

Y. W. C. A.

Grace is always busy, whether doing her lessons or her fancy work. Are all your beautiful things for your hope chest, Grace?

Upon competion of her studies, at Mansfield, we think that Grace will settle down in Wyoming, Pa.

Grace is a jolly, good sport; always smiling, but never so happy as when she receives a letter from "Billy".

Best wishes for joy, success and happiness.

ALICE McHALE — Pittston, Pa.

"Al"

Athletic Club; Varsity Basketball, Senior Hockey Team; Emersonian Literary Society.

Here's to the droll Irish leader of the "Pittston Gang." She reminds us of the quotation.

"A little fun now and then,
Is relished by the best of men."

This fun may be a dance at Tioga, a skating party at Rocky Glen, or teasing the rest of the "Pittston Gang." "Al" is a good fortune teller, and we know "Dame Fortune" will treat her well because she helps treat herself.

VERA McLAUD — Laceyville, Pa.

"Ve" "Mickie"

Hiking Club; Rurban Club; Y. W. C. A.

Vera is a little black-haired girl, always ready for a good time. That's not saying she doesn't have her lessons even though she thinks she is "turrible". She didn't enter until the second semester of our Junior year, but she has a host of friends, who wish her success in teaching and any other (?) occupation she may take up.

INA MERITHEW — Athens, Pa.

"Ine"

Dramatic Club; Band.

"Ever laughing, a way she had; always happy,
seldom sad."

Did you ever see Ina working? "Play, then work," is her motto. But there is one thing she especially likes to do—study nature, "Birds" in particular!

Ina is very fond of teaching, and we're sure she will make a success—but, Ina, stick to your profession.

SARA MICHAEL — South Gibson, Pa.

"Sara Ann"

Ladies' Quartet; Glee Club; Rurban Club.

It may well be said that last year Sara hid her light under a bushel, for few of us ever had the privilege of enjoying her exceptionally sweet voice. As the old saying goes, "You can't keep a good man down," neither could Sara keep her secret forever. Her voice has been discovered and she adds much to our Glee Club and Quartette. Sara has a pleasant disposition, and all who know her are benefited by her big heartedness.

ELIZABETH MILLER

"Betty"

"Oh Johnny, Oh Johnny, Heavens above,
Oh Johnny, Oh Johnny, how you can love."

"Betty" is one of our late arrivals, and since she lives down town, we see little of her. Here's success in the future, for "Betty".

SARA MILLER — Ariel, Pa.

"Sal" "Sally"

Athletic Club; Y. W. C. A.

Now "Sal" is just the kind of a girl that we can't forget. At least "one" can't, for the mail brings her three or four letters a week from that "one". "Sal" is a good sport and no good times get by her. I don't think anyone likes to laugh or talk any better than she. But don't forget she can be serious. I'm sure many of us will be singing or saying: "I wonder what's become of Sally?" Then we'll find out she is successfully teaching school in some city.

MRS. GRACE MYERS — **Montgomery, Pa.**

Mrs. Myer's is one of this year's arrivals and from all reports is a mighty fine addition to our class. We asked some one about her and the reply was that the person knew nothing but good concerning her. Studious to the extreme, with lessons always prepared, pleasant to meet, Mrs. Myers will succeed in her chosen work.

RHEA NEWTON — **White Haven, Pa.**

"Rea"

Orchestra; Cecilian Glee Club; Carontawan Board; Art Club; Athletic Club; Y. W. C. A.

Old M. S. N. S. can well be proud that "Rea" chose it for her Alma Mater, for she is not only a good student, but also a mighty good sport. It's very seldom we find one who excels in so many different abilities as art, music, athletics, along with a vigorous personality which make the finest type of teacher.

The Art Club and Athletic Club as well as the many other clubs to which she belongs have indeed been benefited by her initiative, resourcefulness, and willing co-operation.

LELAH O'DELL — **Mansfield, Pa.**

"Let"

She is truly Mansfield, for has she not been with us as "youngster" in the Training School, as well as teacher?

Conscientiousness applies to her for none of the angry elements as rain or snow prevent her daily walk of two miles to and fro.

A good sport always, nothing too hard for her to undertake—which makes her one we like to have around.

MARGARET T. O'DONNELL — **Genesee, Pa.**

Emersonian Society; Y. W. C. A.; Hiking Club.

"Peg", a blue-eyed daughter of Erin, always ready with her "bit of Irish laughter". The blues just naturally fly when "Peggy" comes. A good student, but always ready for a good time. She has many friends, of both sexes. Her one fault is absentmindedness, when "Gerry's" letters are delayed. Best of luck to you and may you always be as happy as you were at M. S. N. S.

ALBERTA O'HAIRE — **Pittston, Pa.**

Athletic Club; Hiking Club; Emersonian Literary Society.

A laugh that runs up the scale,
A grace that makes other look frail;
Eyes of wit, dresses just fit,
Good looks and eagerness for mail.
Her hair is black and curly,
Her teeth white and pearly;
She's neither too thin nor too fat.
And say, you should hear her chat,
She belongs to that Pittston crowd
Where noise and fun is aloud.
We'll say she's classy, this Irish lassie,
Here's to Alberta—and her crowd.

RUTH OLLENDIKE — **Dickson City, Pa.**

Athletic Club.

"When work and duty with Ruthie Clash,
Duty always goes to smash."

Thus said the Carontawan last year and from all reports she has not changed her tactics.

Although she has taken the Kindergarten-Primary group, she has not taken it for teaching experience. Her friends say she is more interested in home and Dave. Good luck to friendly Ruth.

THELMA OVERPECK — **Herrickville, Pa.**

"Tommy"

Athletic Club; Basketball; Secretary of Dramatic Club; Y. W. C. A.; Secretary of Senior Class.

"Tommy" is one of our third floor gigglers, and a girl with an enormous supply of good qualities.

Don't say you are quiet for anyone who visits "third" and hears you laugh knows that quiet is not exactly the right adjective. How she does play basketball—never gives up.

Although "Tommy" is fun-loving, she does not neglect her work and is always ready to do her share.

LUCILE PALMER — **Mansfield, Pa.**

Glee Club.

Witty, wise and pretty. This is Lucile. Yet this does not describe her. Have you noticed her at Gym socials? Dance? Ask any of the inhabitants of South Hall, or "Kel". Lucile loves to see basketball games, but like Postum, "there's a reason." She is always ready for a good time, but can also be a dignified school teacher. A more true friend or more loyal companion than Lucile is hard to find.

MILDRED PARKS — **Towanda, Pa.**

Dramatic Club; Y. W. C. A.

"A friend in need is a friend indeed." If you want a way to go to Towanda ask Mildred, she is almost sure to help you out.

She is a smiling, cheerful lass and even if she does have red hair you never get her angry at you. She hasn't been with us very long, but we like her "just heaps".

When we go down to borrow something, about half the time it's "lent".

Here's wishing you lots of success, Mildred.

GERTRUDE PEASE — **Susquehanna, Pa.**

"Trudie"

Hiking Club; Y. W. C. A.

Brown curly hair, brown laughing eyes, there you have Gertrude. You can judge for yourself why everyone likes her and enjoys going to her room. Her pet hobbies are teaching 2B, and saying, "I will simply pass out."

ESTHER PEDRICK — **Nicholson, Pa.**

Y. W. C. A.; Art Club.

Esther is very studious as a visit to her room will show.
When she has a thing to say,
She says it!
She does not stammer "if" or "but".
When her task is hard to do,
She grits her teeth and sees it through!

LEONE PELLOR — **Horseheads, N. Y.**

"Leo"

Orchestra; Y. W. C. A.

"Leo" comes from New York State, but she is a nice girl, no matter if she is not from "Pennsy". She has a habit of going home every week-end—we wonder why?

She studies once in a while when she's not laughing. She plays in the orchestra and goes on trips with it. Remember that time in Blossburg, Leone?

Here's luck to you when you teach in that rural school.

MARGARET PERSONS — Susquehanna, Pa.

"Peg"

Art Club; Glee Club; Athletic Club; Dramatic Club.

"Peg O' My Heart" came from Susquehanna. Her red hair doesn't indicate a thing—except a little temper. Owing to her ability for making friends, it did not take her long to find a place in the hearts of Mansfielders, especially one named "Dave". "Pegs" interests are varied, ranging from Kindergarten teaching to dancing.

"Always laughing, never sad,
Just girls like this make men go mad."

LETAH PHILLIPS — Hop Bottom, Pa.

"Leet"

Rurban Club; Hiking Club; Y. W. C. A.

Lucky the hungry person that knows "Leet". Food is always plentifully and generously given from Room 450 N. H.

We understand that Letah is quite interested in men of the religious profession, especially "Squires".

Music, dancing, and social hours are her specialties.

Best of luck and good wishes to you.

NELLIE PHILLIPS — Hop Bottom, Pa.

"Phil"

Rurban Club; Hiking Club; Y. W. C. A.

Dark shining eyes and a ready smile are what we always think when we see "Phil". She seems rather quiet and dignified but when you visit Room 547, Oh, My!

Nellie is very industrious and ambitious. If you don't believe it, ask her about writing lesson plans and teaching in 5B.

She has won many friends in M. S. N. S. Here's wishing her the best of success in her chosen profession.

MYRTLE PICKETT — Rush, Pa.

Myrtle is very industrious and spends her time, or much of it at least, at her books .

She has shown us, however, that she enjoys fun and likes to be in the midst of it.

GLADYS PIPHER — **Towanda, Pa.**

"Glad Eyes"

Emersonian Literary Society; Athletic Club; Y. W. C. A.

Scene: Room in North Hall. On the desk is cake, sandwiches and candy. Enter Gladys deeply absorbed in a Zane Grey book. But when she sees the eats even such an interesting book is forgotten. "Candy," says Gladys, "is my middle name." Then to entertain us, she recites "The Bedouin Love Song." "Gee, I ought to be studying for that test tomorrow," she says; but we know that it isn't necessary. Gladys also enjoys music and sports. Good luck, Gladys.

DORIS ELIZABETH PITTS — **Elmira, N. Y.**

Art Club; Athletic Club.

Doris, all who know her sing, "Oh, what a girl is Doris."

Doris is one of the few people blessed with wit, good looks and a sunny disposition. She is a wonder with the kiddies in the Model School. Did you say Doris is studious? Just peep in her room any evening and you will find her doing anything but!

Doris, we all like you and know you will be a big success.

MARGARET PRITCHARD — **South Gibson, Pa.**

"Peggy Lang"

Athletic Club; Dramatic Club; Rurban Club; Art Club; Y. W. C. A.

If smiles were dollars, "Peggy" would be a millionaire. Her pleasing personality and willingness to help everyone wins her scores of friends wherever she goes. She is always on hand when there is any fun going on and does she like to eat—well, I guess. Better than the eats though, she likes the familiar looking envelopes from Columbia University. "Peggy" is a model teacher, but we fear the profession will not keep her very long. We wish the best of everything for "Peggy".

ALTA PRUYNE — **Milan, Pa.**

"Alabam"

Art Club; Hiking Club; Athltic Club.

"Did you say good things come in small packages?" Well, if Milan has any more like "Alabam" they'll receive a hearty welcome wherever they go. Although quiet and reserved she is always ready for a good time, especially if eats are mentioned. Besides her fund of wit and humor, her loving disposition has reserved a place for her in the hearts of those who know her. We know that she will be a successful teacher. We're for you, "Alabam."

BONNIE PUGH **Kingston, Pa.**

Glee Club; Dramatic Club; Rurban Club.

Dignity, serenity, quietness and gentleness are the qualities which mark Bonnie. She is a true follower of that old adage which Shakespeare believes is the test of a thoroughbred.

"Give every man thine ear, but few thy tongue."

No one knows Bonnie's innermost secrets, but—oh—how often have we seen that dreamy far away look in her eyes. Behind it all lie sweet thoughts that only "one" can share. But whatever her future might be we sometimes think that the achievement of the Home Economics Course would not have been in vain. Do you Ollie?

ELIZABETH QUICK **Wysox, Pa.**

"Quicky" "Betty"

Y. W. C. A., Hicking Club, Athenaean Literary Society.

Once a friend, always a friend; that's Betty. If you need help or a dress to wear to dinner go to Betty. She is always ready with either.

Last year she was very anxious to go home every week, but this year there seems to be a greater attraction here.

Here's to her success for the future, whatever it may be.

LILLIAN RAUSCHER **Wilkes-Barre, Pa.**

"Buddy"

Glee Club; Dramatic Club; Art Club; Y. W. C. A.

Pretty? Blue eyes, light wavy hair and dimples that peep bewitchingly.

Popular? Well, you must judge for yourself, but wherever Buddy is there's a "John" or a "Jack". Wee kindergartners worship, too.

Proper? Buddy is just that at all times, but one expects it from so stately a lady.

MARGARET REPARD **Wellsboro, Pa.**

One thing we regret in our school life is that we don't know better the people who live down town. Margaret is one of this group and one of whom we would wish to see more than we do.

Good-natured, pleasant, with a happy smile for all—schoolmate at Normal or training school youngster alike—Margaret will surely get ahead in her work when she leaves here. She has our good wishes.

RACHEL RIGNEY **Pennsdale, Pa.**

"Rach"

Hiking Club.

Rach arrived at the zero hour of her stay at Mansfield at the end of the third semester. Please do not get excited, she was graduated then. Did we miss her? I'll say.

Rach is far too much of the sunny order of womankind for a shadow of any kind to phase her—even Juvenile Literature (?. But—she loved the kiddies and—well, ask them.

"Rachel! There goes the bell for class." (Rather vaguely: "Oh.—is it? I don't care. Maybe I'll get there before it's over."

CHRISTINE ROBBINS **Mansfield, Pa.**

"Cris"

Outdoor Club; Y. W. C. A.; Dramatic Club; Athletic Club.

Jolly, fun-loving, good-natured, is Christine. "Chris" with the red cheeks and dark hair. Do her eyes sparkle? Oh, reader, you've guessed it. Quiet? That's what she's everything but! Her cheerful laugh is never lacking where there is fun, for she's always there, when there's a good time. Nothing ever worries Chris. These qualities combined with ambition, brains, pluck, make her the best pal you could ever wish.

NELLIE ROCKWELL **Mansfield, Pa.**

This is Nellie, quiet and dignified, but we suspect that behind it all there is the love of fun and the spirit of mischief. She is industrious and goes about her work in a way that will take her a long distance on the path of success. A welcome friend is Nellie.

LAURA ROGERS **Westfield, Pa.**

Art Club; Y. W. C. A.

From Westfield I come,
From Westfield come I,
I'll remain in old Westfield,
Remain 'til I die!

One of the bunch which is ever true to the "old home town". Always ready to give help to those in need. Indeed, she brought joy to the hearts of many Model School kiddies at Christmas time while playing the part of Santa Claus.

We wonder how long Laura will teach—not very long, we fear.

VIOLA ROLKA — Dickson City, Pa.

"Vi"

Hiking Club.

Dark-eyed Viola is one of the most graceful girls in the school. She is known throughout the school for her ability to dance the "Charleston". Remember when the lights went out, Vi.

If one hears "I thought I'd die" or "Ora bejapors", then Vi is in the vicinity and the fun is about to begin.

GRACE RUTLEDGE — Pittston, Pa.

Hiking Club; Athletic Club.

Speaking of tall blonds, in walks Grace to join the rest of her Pittston crowd. She usually appears serious and sensible, but this isn't her whole make-up.

She dances plenty,
Is almost twenty;
Love's to have a party,
No, she's not a smarty.
Nary a care, where there's fun she's there;
Easy to look at her face—
Our tall blondy—Grace.

ELLEN SCOTT — New Albany, Pa.

Emersonian Literary Society; Y. W. C. A.

"Still water runs deep."

Eelen is quietness personified and consequently few of her classmates realize the depths of her nature. She is capable, getting along well with her work in the Training School.

Seemingly Ellen thinks of little besides her work yet friends have a warm place for her.

TERESA SCOTT — Pittston, Pa.

"Scotty"

Athletic Club; Hiking Club; Emersonian Literary Society.

Just a few odd words about this petite little member of that "famous Pittston Gang". 'Nuff said! Teresa is one of the peppiest girls in North Hall.

As a dancing instructress, "Scotty" reigns supreme. "Square" dancing seems to be her specialty????? And as for tennis dates—but never mind, Teresa, he might be small, but he knows how to arrange his tennis schedule.

DORIS SEYMOUR — **Penn Yan, N. Y.**

Rurban Club.

Doris is one of our down-towners, but she knows nearly all the Normalites and calls many by name. She has a happy, smiling disposition, and a non-excitable nature mixed with a spirit of independence. Occasionally a spark of mischief can be seen lurking around the corner of one eye and a little flame in the other which says "I'll do this, or die." Cicero said, "Let flattery, handmaid of vices, be far removed from friendship." This is Doris' policy.

GRACE SHARER — **Camptown, Pa.**

Y. W. C. A.; Outdoor Club.

A daughter of the gods, divinely tall, and most divinely fair."

Quiet, demure, and studious, that's our Grace. She never shirks her duty. When it is work, she's right there, and when someone is in need, she is always ready to lend a helping hand.

To those who are not intimately acquainted with her she appears dignified and reserved, but if you want to see how much fun lies beneath her quiet outward appearance just come to 317 some night after dinner. She is an all around girl, a good sport and a wonderful friend.

FLORENCE SHELLEY — **Harrison Valley, Pa.**

Florence is a careful lady and always puts her best efforts into her lessons. She believes in industry rather than pleasure. One is always sure of gaining help from Florence in whatever way she can aid, for she is always willing to help people. Best of luck to you, Florence!

ALICE SHOOK — **Watsontown, Pa.**

Alice joined our class this year. She hasn't given us much of a chance to get acquainted with her for she only remained in the dormitory with us for nine weeks, then slipped away down town. We're sorry we don't know you better.

Alice is a hard and conscientious worker and well deserves to get ahead in the world.

LIDA SILL — **Canton, Pa.**

Glee Club; Outdoor Club.

Lida—the girl with the Titian hair,
Has the will to do and the soul to dare.

When we see Lida coming we feel "all's right with the world". Her smile is cheering and her eyes are blue, just brimming over with mischief.

Lida will be successful in her chosen profession as a kindergarten teacher, but we don't think her success will be limited to her career. That far away look in her eyes—"There's a reason."

ETHEL SMITH — **Lowman, N. Y.**

Art Club; Y. W. C. A.

Does Ethel believe that "Silence is golden"? Seemingly she is very quiet, but those large blue eyes will reveal a secret to you; of course, we do not know, but just ask her room-mate and her many friends. One thing we do know, Ethel is always good-natured—and willing to help if needed. She has many good qualities, some of which are attending to her own business and not gossiping.

Here's our best love and success to Ethel.

THELMA SMITH — **Lindley, N. Y.**

"Smithy"

Glee Club; Rurban Club.

Tall and imposing, capable and practical, laughing and joking, that's "Smithy". She's a good friend and regular sport which may be seen by her large number of friends here. However, we wonder why her thoughts are so greatly centered in Middlebury. There must be some attraction. Anyway, we are sure that Smithy will make a great success of teaching in the next two years. Here's the best of luck.

DOROTHY SPEAR — **Athens, Pa.**

Emersonian Literary Society; Y. W. C. A.; Glee Club; Dramatic Club.

Dorothy came to us during the summer session of 1922 and finished her course in January, 1926. She was always very much interested in school and social affairs. The school loses a true friend and supporter by her graduation. May her success be as plentiful as it was in Mansfield.

ANNE STEVENS **Ulster, Pa.**

Anne is one of our late arrivals. She is a down-town girl and we seldom see her except in classes. Anne is quiet and industrious, but she is always ready for fun and a good time. Here's success to Anne.

EVELYN STONIER **Scranton, Pa.**

"Evie"

Treasurer, Art Club; Hiking Club.

Whenever you are feeling blue, just go into Room 448. We guarantee a more pleasant state of mind after your visit. Evie can accomplish wonders both in Art (Her poster took first prize in last year's contest) and on the mandolin. If you doubt this, ask fourth floorites. Who helped "the poor orphings" at Christmas time? Who's always ready for a feed? Who never forgets her daily Charleston? The only answer needed is: Evie, a pal to be proud of.

HELEN SWETLAND **Mills, Pa.**

Helen's talents are many and varied, but her piano playing is greatest of all. She is sweet and jolly, but we find her with one folly for—Bucknell takes much of her time in the form of week-end visits, letters, and telephone calls. Wonder why? There's a reason.

We surely wish her good luck and best of success and happiness in her future life.

NAOMI TAYLOR **Port Allegany, Pa.**

Naomi is a brown-haired girl, who certainly must like teaching because she came back for more education in the line. She has only been with us for a year, but we like her and wish her success in her chosen profession.

ELLEN TEED **Lloyd, Pa.**

Y. W. C. A.

Altho' this is Ellen's first term with us, she has made many friends, and won the respect of all of her instructors. She is of a very quiet, studious nature; but when you learn to know Ellen she forgets her shyness and brings forth a store of fun.

She came from Muncy to graduate with us.

RUTH TERRY **Brooklyn, Pa.**

Rurban Club; Outdoor Club; Student Council.

Ruth has spent her full two years here with us and we wonder sometimes what we would have done without her. Few are as gifted with such a variety of abilities—for she can sing, play, squelch noisy girls, or teach a class of first graders with unusual efficiency. Ruth's wit is very keen and sharp, and few can resist its influence to bring forth a hearty peal of laughter. By her very manner we know that Ruth will be successful in whatever phase of life she may choose to follow.

GRACE THAYER **Dushore, Pa.**

Athletic Club; Hiking Club.

'How good is life the mere living."

What better example of this could we find than Grace herself. Her cheerful, happy-go-lucky humorous spirit has surely helped us all to have a good time at M. S. N. S. Full of pep, a good sport, and a pal worth having; that's Grace. Wishing you the best of luck in everything.

LILA THOMAS **Wilkes-Barre, Pa.**

Let us introduce you to Lila, a jolly good girl with the pretty brown hair and eyes. She has her likes and dislikes and is not afraid to express them.

If one wishes to find Lila, the first place to look for her would be at the post-office where she eagerly waits to receive a letter bearing a State College post mark.

MARIE THOREN — **Port Allegany, Pa.**

Athletic Club; Art Club; Y. W. C. A.

Although this year is the first winter term Marie has been here, her winsome but frank ways have gained many friends and chums of both sexes. She is fond of athletics, especially hiking in the morning air, basketball and swimming. She sometimes has a dreamy look in her eyes, but we understand the meaning. Her records stand as one of the very highest in her classes. Success is ahead.

LEONA TIFFANY — **Hop Bottom, Pa.**

Rurban Club; Hiking Club; Y. W. C. A.

Do you enjoy an unassuming, agreeable, and game little sport? Here is your chance then. This girl has the real stuff, not bluff.

Leona is a very interested postoffice fan. She can always tell when certain letters are coming. Most of her mail consists of dental literature. Sometimes she gets a big box and then five minutes afterwards she is ready for the crowd, handing out chicken with all the trimming. We'll always remember this good provider.

SYBELL TRIMBLE — **Wilkes-Barre, Pa.**

"Silas Long"

Emersonian Literary Society; Athletic Club; Y. W. C. A.

Is Sybell unusually quiet? Then you can be sure she is after some fun. Always ready for a joke or a good time, and if you say "eats" she's right on hand. She is a lover of music, whether it be piano or violin, and did you ever hear her play "Farewell to Thee" on her guitar? Sybell loves all animals, and she hopes to go West some day, where she will ride a "bucking broncho". Best luck, Sybell.

ELLA TURNER — **Canton, Pa.**

Many a good time this jolly girl from Bradford county has had at M. S. N. S. Haven't you, Ella? We don't know her as well as we wish because she has always lived downtown. We like her nevertheless, for she has a very pleasing personality, always greeting you with a smile. She is well fitted for her profession, but will she stick to it all her life? Wait and see! Best of luck to a pleasing and diverting companion.

FRANCES VAN FLEET **Canton, Pa.**

Y. W. C. A.; Ou'door Club; Rurban Club.

Fun-loving,
Reserved,
Active,
Neat,
Conscientious,
Earnest,
Sweet,
That's our Frances;
Best of luck to her.

MARGUERITE WALTERS **Susquehanna, Pa.**

"Peg"

Athletic Club.

Light, but not a blond. Dark, but not a brunette. Now, you have her disposition. She has neither the weakness of the former or the temper of the latter. She is just firm. Did you ever see her laugh? She can see fun in most anything—funny, if the saying, "Laugh and be thin" be true, this explains Peg's 112. She is a clever dancer and gets more enjoyment out of dancing than some of us gets out of lots of things. Sometimes she gets serious and then she will discourse on "The Philosophy of Life." Good, isn't it?

DOROTHY WATSON **Vandling, Pa.**

"Dot"

Art Club; Hiking Club.

Good times are incomplete without Dot. Her specialties are: Feeds, dancing, tobogganing and snow-balling. Yes, she lives on that notorious fifth.

Dot and a book are boon companions. She persists in reading History. Why? Her favorite hero is Frederick the Great. She calls him Freddie for short.

She says she likes teaching so well that she'll teach until she gets pensioned off.

Lot's of luck, Dot!

BERNICE WEBSTER **Mansfield, Pa.**

Well, here is Bernice, another of our down town students. As to "bobbed-hair" it never has worried her, as she still wears her long tresses.

This lassie never seems to be idle and is always happiest when in Juvenile Lit. class, giving book reports and story-telling, where she excels. I venture to state that the kiddies she teaches will enjoy her as their teacher.

FRANK WEBSTER — **Mansfield, Pa.**

Frank is a down town student, in which direction he departs as soon as classes are over—at least he is seldom seen around the school, thus we don't know him very well.

Quiet, unobtrusive, and a conscientious worker. Frank deserves to get far ahead in the teaching profession.

AVA WEEKS — **Elkland, Pa.**

Art Club; Y. W. C. A.

They say she is "quiet and dignified", yes, until you know her; then you find her full of fun and always looking for a good time.

Ava is not only fond of teaching Art, but of observing Art, especially in Grade 5A.

BEATRICE WHITE — **Wyalusing, Pa.**

Y. W. C. A.; Outdoor Club.

"A friend in need is a friend indeed." Beatrice takes things seriously, but she has the pluck and courage that will carry her far along the strenuous life of a teacher, until other and more personal affairs change her route.

Her favorite saying is, "I don't see why I didn't get a letter from my man today."

Here's wishing you success in anything you undertake, Beatrice.

ELIZABETH WHITMER — **Ralston, Pa.**

"Libbetts"

Athletic Club; Dramatic Club; Rurban Club.

A sweet and innocent type, but once a friend always a friend, for she has surely acquired the art of making friends. If you want to know someone with a charming disposition and a happy smile make her your friend. She is a sport in every sense of the word for you should see her swim, dance, and participate in any form of athletics. She is a real success with the primary kiddies and they all love her, but who could do otherwise. Best of luck to "Libbetss".

LUCILE WILCOX **Covington, Pa.**

We know now that good things are done up in small packages, because we know Lucille. She is rather inclined to be shy and reserved, but once the ice is broken, we find the mischief there too.

She has been very successful in her training school work, and we are sure of her success as a teacher.

WILDA WILCOX **Lawrenceville, Pa.**

Wilda is one of our studious, ambitious, dignified girls that stay down town. We are sorry that we do not know her better, nevertheless, we have found her to be a friend and classmate that we are proud of having at M. S. N. S. We wish you much success in the teaching profession.

ANNA WILLIAMS **Olyphant, Pa.**

"Little Anna"

Hiking Club.

Those who have missed knowing "Little Anna" have certainly had a lot of sunshine shut out of their lives. Small, smiling, chubby, little Anna is always ready to lend a helping hand or give a word of cheer to the ones in need. Her's is a friendship to be treasured.

Her greatest desire is to become a kindergarten instructor, and we know she will be a successful one. Here's luck to you, Anna, old dear!

Have you ever heard Anna to implore, "Kite-a geeg, and gad-a-lap?" It's pure Welsh.

AUGUSTA WILLIAMS **Sayre, Pa.**

"Unconscious"

Glee Club; Art Club.

She's hard to get acquainted with—but, oh, goodness! Beware! It's easy once you get started. She likes to arouse your curiosity and leave you stranded. But a girl always has some imp abiding in her eye.

Augusta likes: Kindergarten games, studies, teaching, tennis, week-ends, and, best of all, good fiction books.

Favorite expression: "You never can tell."

ELEANOR WILLIAMS — **Wilkes-Barre, Pa.**

"Ellie"

Y. W. C. A.; Hiking Club; Student Council; Glee Club.

Everybody knows our Eleanor—how could they help it when she is every place at one time? As far as being the pep and life of the party—Eleanor wins every time and her gay optimism is very contagious. She can be serious, but we don't want her to be for we love her just as she is. We can't say that Eleanor isn't true to M. S. N. S. because her heart is in Muhlenberg, for we understand. Yet haven't you noticed her interest in Mansfield's Dick Barthlemess since he came here the first of the year? We wonder? ? ?

ELSIE WILSON — **Mansfield, Pa.**

Elsie is one of our down town students who never fails to greet you with a cheery smile which has won her many friends. She appears to be quiet and studious, but wait until you know her. It isn't everyone who has dimples. We all wish her the greatest success in any and all the lines of work which she may undertake.

VERNA WILSON — **Jermyn, Pa.**

Mansfield Masquers; Outdoor Club; Art Club; Y. W. C. A.

She is loving, she is sweet, she is gentle, she is meek,
For she makes her work like play, doing it in willing way.
She never shrinks and she never shirks, we count on her for any work;
But Elocution is her renown, her fame will spread to every town .
Now we must tell you of her happy air, that makes the air shine everywhere.
We know of success she will sure get her share
For her life ship seems headed right there.

IVA WINANS — **Laceyville, Pa.**

"Bobbie"

Emersonian Society; Hiking Club; Y. W. C. A.

Iva is a pretty, blue-eyed lassie, a good student at M. S. N. S., yet always in for a good time. Her one hobbie lies in doing Art. She is happiest when she receives a letter, telegram or phone call from Factoryville. Best of luck to you and may your life be as prosperous as it has been at M. S. N. S.

ROBERTA WOLFE — **Jersey Shore, Pa.**

"Bert"

"Bert" only joined us this year, but we hope she has learned to like us as well as we have learned to like the black-haired, laughing-eyed "Bert".

We wish "Bert" the best of luck and success in the teaching profession, but by the looks of things now, it won't hold her long.

GUY WOODWORTH — **Troy, Pa.**

"Abe" "Bowser"

When we see this indomitable Trojan appearing on the horizon we have a feeling down deep in our hearts that something is going to happen. We are all sure that he, as "Dean of Field Instruction" will be a success, but his natural abilities tend toward "Health and Hygiene", for he insists that we study this subject with more care.

So here's the best from the "World's Storehouse" to our popular friend, the "Dispenser of Jocularity", habitat—South Hall.

NORA WURSTER — **Linden, Pa.**

Nora is blue-eyed, slender and fair,
With a cheerful smile and long black hair.
There's a five-year diary in Nora's hope chest,
In which she writes before going to rest.
We are wondering, in five years' time
If Nora will be teaching and pulling in dimes.
She may not appear to be very fickle,
Yet the time is coming when she'll have a nickel.

MARION YOUMANS — **Reynoldsville, Pa.**

Outdoor Club; Y. W. C. A.

Did you ask who Marion Youmans is? Surely, you know her! If you do not, you have missed one of the best things at M. S. N. S. Even though she does not stay in the dorm., she is with us enough to make us regret her absence for she brings cheer and laughter with each and every visit. Does she worry over her studies? Nay, and this carefree and happy way is what wins for her her host of friends.

NAOMI YOUNG **Monroeton, Pa.**

"Toots"

Outdoor Club; Y. W. C. A.

The flash of a brown, curly head around, a pair of dancing blue eyes, a cheery smile and greeting and lo! our "Toots" has arrived. Whenever there's something to be done—work or mischief—"Toots" is right there to do it. Her witty, fun loving, and unselfish ways have won her a lasting place in the hearts of all who have known her.

We're for you, "Toots"! May you have the best of success and luck.

MALVINA ORDWAY **Ulysses, Pa.**

On January 25th, 1926, there came to us a little dark-eyed lady with a bright smile, who soon won a warm place in our hearts, and already Malvina Ordway has become a most welcome worker in our midst.

We join in wishing "Mallie" great success in her studious labors.

Seniors III

BARBARA ALBRIGHT — Waverly, N. Y.

"Barb"

Outdoor Club; Y. W. C. A.; Domicilians; Glee Club.

Gaze upon this roguish, brown-eyed maiden and you will see the "Albright" without looking at the stars. Barb is the most studious member of the Home Ec. Seniors—Oh, yes! but she likes to sing, "Do Re, Me" best of all.

She has decided to become a "Dr. Pultoggle" for her friends' benefit. We wish her much success in her undertaking.

"Smile at least once a day."

KENNETH ALDRICH — Starrucca, Pa.

Kenneth's sojourn among us has been marked by high ambition and application to his work. He has made a firm place for himself in the class of 1926. Kenneth's avocation is music which he enjoys very thoroughly.

RUTH ALDRICH — Blossburg, Pa.

"Phoebe Jane"

Rurban Club; Art Club; Athletic Club; Literary Editor, Carontawan Board; Y. W. C. A.

Any one who has ever been around Ruth realizes what and amiable disposition and rare scholastic ability she posseses. Very fond of all athletic activities, she is and interested spectator at every game. And then, Ruth's social life isn't in the least neglected, for where there is a party and eats she's there regardless of tomorrow's lessons. Numerous boxes and other gifts which come frequently keep the girls guessing as to whom her sheik might be. Best of luck to a girl whom everyone likes.

MARGUERITE BAUMANN — Olean, N. Y.

Art Club.

Those of us who have known and been in classes with Marguerite throughout these last three years have a firmly fixed admiration for her brillance, both in the classroom and the training school. Seemingly her studies take up all her time. We wonder!

Marguerite's keen sense of humor, together with her pleasing personality, make her an interesting and enjoyable companion. We like you, Marguerite, may your life be happy and complete.

MARY BLAIR — Spangler, Pa.

Mansfield Masquers; Glee Club; Y. W. C. A.

"A lass she is so wondrous sweet,
As fair as she you'll seldom meet."

Mary needs no introduction. This slender person with mischievous deep blue eyes is one of the most popular girls of the school. Judging from her success in the Training School she is certain to make a success later. Her wonderful personality seems to radiate and all who know her admire her gracious manner and dignity coupled with a winning smile.

Good luck to you, Mary!

ANDREW CAMPBELL — Ulster, Pa.

Emersonian Society, President; Rurban Club; Y. M. C .A.; Ambulance Co.

Psychology? Why that's Andy's middle name. If what you are searching for isn't in Thorndike, consult this wizard and he can enlighten you. We only regret that Andy did not choose the music course so he could give vent to his feelings more efficiently.

He is so ambitious, earnest, and sincere that he is sure to succeed. We're all certain that his name some day will appear in the "Hall of Fame."

LYNN CARPENTER — Bath, N. Y.

Football Reserves; Y. M. C. A.

Many famous men have dwelt upon our campus in other days, but few of them ever held a firmer hold on the hearts of his classmates than "Carp". It would take volumes to tell all of his qualities, so we will merely dwell on some of his accomplishments.

"Carp" is always willing to lend a hand to a classmate in distress. His one outstanding fault is an inclination to be just a little tiresome. Of late he has shown signs of overcoming this fault, and his presence in class is quite regular.

FRANK CHURCH — Ulysses, Pa.

Football Reserves; Y. M. C. A.

Frank's chief interest lies in the field of sport. Last fall his chief occupation was to play football with all his might. After the close of the football season his interest turned to pool. In the spring baseball claims his attention and girls interest him the whole year around.

MARY CLIFFORD — **Susquehanna, Pa.**

Athletic Club; Latin Club.

Mary is not only better looking than the average girl, but she possesses some enviable characteristics which have gained for her the greatest treasures in life, friends.

To this add her success in Junior High School as a Latin teacher and she may well say,

"I will pass each and see their happiness
And envy none."

WILLIAM COLE — **Sayre, Pa.**

"Bill"

Emersonian Society; Y. M. C. A.

Although "Bill" has been here with us for four years, we are just beginning to know his fine qualities and possibilities. He is quiet, reserved, and a hard worker, who has a definite goal in mind, and is determined to reach it. Such cannot be defeated and is certain to bring success in any field. We wish him good fortune in all his undertakings.

AMOS CREDIFORD — **Athens, Pa.**

"Creddie"

Football '24, '25; Baseball, '25; Student Council '26; "M" Club; Athenaean Literary Society; Rurban Club; Mansfield Masquers; Ambulance Company; Y. M. C. A.; Carontawan Board.

'Creddie" has been wth us two years. He, like some others, came in the summer and taught two terms. He is a fellow we all like because of his nature. He says what he thinks at all times. There is only one thing, I think, that interferes with his studies, andt hat is his frequent trips to Elmira; but he says "she is beneficial to him"—so it is all right.

HENRY DARROW — **Granville Summit, Pa.**

"Hank"

Manager of Football '24; Manager of Baseball '25; Student Council '26; "M" Club; Athenaean Society; Y. M. C. A.; Ambulance Co.; Business Manager Carontawan Board.

"Hank" is just an all 'round good fellow with many traits to make Mansfield proud of him. His ability as a politician and a leader have been clearly demonstrated during his three years here. Although "Hank" is small of stature, we expect to hear of his doing great things in the future.

MARION DAVIES — **Kingston, Pa.**

Glee Club; Hiking Club; Music Supervisors' Club; Orchestra; Emersonian Literary Society; Y. W. C. A. Cabinet.

"So small to see
Yet mighty to know."

This petite little miss comes to us from Kingston, but, alas, the center of her attraction lies not there but is in the "Little Red Schoolhouse" in Tioga. Regardless of this interest she manages to get her work and has time to be a friend to all.

DOROTHA ESCOTT — **Wellsboro, Pa.**

"Dot"

Outdoor Club, President; Emersonian Society; Y. W. C. A.

"Short, but sweet

That's Dot. With her sunny nature and loving disposition she is a combination admirable to all. She proved her ability when she was so successful in enlightening the youngsters in the Junior High School.

Best wishes, "Dot", for all success and happiness in years to come. Not finished, but just begun, and maybe "Don" will help.

MABEL FELTY — **Lebanon, Pa.**

Domicilian Club; Hiking Club; Glee Club; Y. W. C. A.

A Dutch girl of some renown
Is she who hails from Lebanon town;
She can laugh, she can sing,
In fact, she does most everything.
We find her laugh is most contagious,
Sometimes it is quite outrageous,
With croup we think she's coming down.
Her language and expression are quite unique,
Most any time we meet her on campus or street
We may hear her age-old refrain—
"You better wouldn't do that again."

PAUL FRENCH — **East Smithfield, Pa.**

Paul has been a member of our class for two years, during which time he has distinguished himself for the number of conquests he has made. Athletics takes up part of Paul's time, and he divides the remainder between school activities and his work.

EDSON HAVEN — Troy, Pa.

"Eddie"

Ambulance Co.; Emersonian Literary Society; President Rurban Club; Y. M. C. A.

Step up folks, meet the educator. At least that is the cognomen by which we of South Hall recognize this dignified looking chap. Eddie's outstanding interests are mathematics and English. Oh, boy! but he has Webster and all those old timers beat about four breaths when it comes to big words. Just a little secret; we understand that Eddie is a great hand at the hotel business and he has also been known to visit tanneries and Corning, N. Y. Here's luck for years to come.

ETHEL HEIDENREICH — Hazleton, Pa.

"Norma"

Outdoor Club; Hiking Club; Domicilians; Y. W. C. A.

By her business-like attitude and intellectual qualities Ethel proves that "Knowledge is Power". She is one of the few who are blessed with a voluminous vocabulary and from her lips flow words of wisdom relished by all her companions. Without a doubt Ethel can put this vocabulary into use as a very capable Home Economics teacher. A fund of wit and humor and a spirit of good sportsmanship are some of Ethel's good qualities.

DAMON HOLTON — Mansfield, Pa.

'Dee"

Orchestra; Band; Glee Club; Music Supervisors; Y. M. C. A.; Director of Red and Blacks.

"Dee" is the man who stepped into the place left vacant by Ulna Goodall as leader of the immortal Red and Blacks, and who is filling his place nobly, bringing happiness to the countryside and school.

"Dee" is in music and personality a genius and favorite, there is no known instrument that he can not play. Success to you, "Dee".

HUBER HOWELL — LeRaysville, Pa.

Orpheus Glee Club, President; Y. M. C. A.; Male Quartette.

Howell is one of those fellows who knows his stuff, but doesn't publish it to the world. We have always found him slightly reserved, but a true friend and willing worker for all of that.

Huber's marvelous bass voice has gained him much standing and prestige. His voice is of delightful quality and pleasing to the ear.

The greatest attraction for Howell around here is bound in North Hall—"Eth". She'll tell you all about it.

C. PORTER HUNTINGTON **Coudersport, Pa.**

"Port"

Glee Club; Supervisors' Club; Band; Orchestra; Y. M. C. A.; Red and Blacks; Football, 23, '24; "Y" Minstrels '23, '24, '25; Opera '24 ,'25, '26.

"Port" is our famous trombone virtuoso, and a member of the Red and Blacks. As one of our budding "sups', he has been quite successful at composing. Who can imagine any singing at the "Y" smoking room without "Port"?

Whenever any merriment is staged on fourth floor he is sure to be found.

UARDA HUNTINGTON **Coudersport, Pa.**

"Yarda" "Warda"

Glee Club; Domicilians; Outdoor Club; Carontawan Board.

Sometimes happy, sometimes blue,
Longing so much for a letter from you.

When she's happy, Uarda's had her letter from Ambridge; when she's blue—well, that's another story. Usually, though, you find her smiling, so you may judge that letters come very frequently.

Uarda seems to have a magnetic attraction for drawing people to her, students and faculty alike just naturally take to her, making for her many friends.

CHARLES JAMES **Genesse, Pa.**

"Red"

Carontawan Board; Y. M. C. A. Cabinet; Varsity Football '23, '24; Rurban Club: Dramatic Club; Emersonian Literary Society; "M" Club; Ambulance Corps.

Say, talk about a real teacher; this chap is right in his element as you can easily learn by meeting him. But he has other professions which he is master of, one of which is "Tayloring". Well, here's success until we meet again.

NAOMI JAQUISH **Mansfield, Pa.**

Domicilians.

"Much in little". That's Naomi,—very accomplished, very cheerful, very bright. She is one of our Home Economics girls and whatever she may do, let's hope her three years here have not been in vain.

Naomi is rather an impressionable lass and upon meditating upon her various heart affairs, says very decisively that she likes 'em all, but really, a resident of our County Seat holds the most favorable place. Best of luck to you, Naomi.

FRANCES JONAS **Williamsport, Pa.**

Art Club, President, First Semester, '25, '26; Mansfield Masquers.

We haven't had the chance to get much out of Frances concerning herself. Her work takes up the her time. Despite this fact we know she is clever at "Parlez-vousing". "Ye Gods of Fortune"! What things you will do. While some poor creatures struggle and sink in French, Frances can rattle off that language fast enough to make your head spin. Have you seen her at Dramatics? If you haven't be sure you seize the opportunity when it comes.

LLOYD JONES **Coudersport, Pa.**

"Jonesy"

Football Squad '25; Athenaean Society; Mansfield Masquers; Ambulance.

Jonesy came in twenty-three
From Potter County, a teacher to be;
He made a hit with all his class,
And studied hard so he would pass.
"Out in the world I'll make a name
So everyone will hear of my fame."
He stuck to his text for three long years,
And departs from Mansfield with open ears
Too "Quickly" tripping over the ground.

PAUL JONES **Tunkhannock, Pa.**

Rurban Club; Emersonian Literary Society; Y. M. C. A.

Paul is a congenial fellow hailing from Tunkhannock. He lends a helping hand in all our school activities. When it comes to debate and argument —why that is Paul's meat and drink.

Enough for serious things. As for a Sunday night feed—when that subject is mentioned, Paul is the first to second the motion.

We are sure John Paul will reach the "Summit" of his chosen profession as easily as he will go to another Summit." May he have success in and another "Summit."

HELEN KIBBE **North Bingham, Pa.**

Art Club; Y. W. C. A.; Hiking Club; Domicilians.

Who is Helen?—a little mite,
Doing her job the best she can;
Being just to her fellowman.
Staying true to her aims and ends,
Learning how and holding friends.
Sharing sorrow and work an dmirth.
Making better this good old earth.
Serving, striving, thru' strain and stress
Doing her noblest with great success—
That's Helen.

CHRISTINE LAVIN — **Olyphant, Pa.**

Music Supervisor; Music Supervisor's Club; Vesper Choir; Glee Club, Vice President; Orchestra.

"She walks in beauty, like the night
Of cloudless climes and starry skies,
And all that's best of dark and bright
Meet in her aspect and her eyes."

Christine is an interesting companion and a good friend, who brightens many an occasion with her Irish wit and optimism. A capable and conscientious worker, she is sure to meet success in her chosen profession.

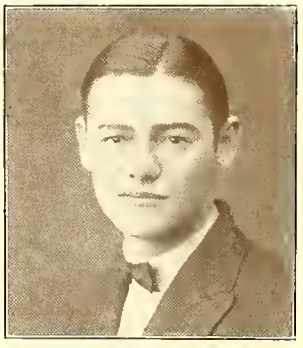
OLIVER LANGDON — **Plains, Pa.**

"Ollie"

Rurban Club; Y. M. C. A. Cabinet; Student Coun- '26; Football Squad '25; Vice President Senior Class; Ambulance Company.

A cheery, happy pal is "Ollie", always looking for a good time and usually finding it. We are sure that you will be a success, "Ollie". We give you our best wishes.

We know that his thoughts are not selfish, for we often hear him singing, "My Bonnie lives over in North Hall."



RANDOLPH MARBLE — **Wellsboro, Pa.**

Another Wellsboro sheik. Our Randolph is a veritable "Kitten on the Keys" and we don't mean perhaps, either. And, oh my! the ladies! We predict a stormy, but most interesting career for our charioteer, if his Normal life is any barometer.

DAVID MARTIN — **Morris Run, Pa.**

Varsity Football '25; Track Manager '25; Basketball '26; Dramatic Club; Emersonian Literary Society; Band; Y. M. C. A.

Some call him "Dave", some call him "Joe", and some other "Persons" call him more endearing names.

In football and on track "Joe" proved the stuff that is in him and if his ability and determination carry over into his teaching when he goes out into that field, our future Superintendent of Public Instruction will come from Morris Run. The Collegians boast of a mean trumpet tooter.

AMELIA MATUSZEWSKI — Hazleton, Pa.

Athletic Club; Hiking Club; Y. W. C. A.

Who is Georgie?
A Hazleton lassie, tall and fair,
With witching blue eyes, but dark brown hair.
She likes Mansfield five days out of seven,
But the remaining two—Blossburg is her heaven.

We wonder whether Georgie has decided to correct paper for Casper or help Ed keep his bank account straight. Anyway we wish you heaps of success.

GEORGE McCABE — Campbell, N. Y.

Carontawan Board; Y. M. C. A.

"Mac" hails from the thriving city of Campbell. For three years he has been the most sought after man in South Hall, not by the ladies, but by the men, for George is the President of the M. S. N. S. Candy Shop. Now don't be mistaken for Mac is also popular with the fair sex in North Hall.

George is also very successful in his school work. He once said all the great men are dying and he felt sick himself.

CARMEN MILLIREN — Reynoldsville, Pa.

"Carmeen" "Nomie"

President of Glee Club; Carontawan Board; Student Council; Ladies' Quartette; Dramatic Club; Y. W. C. A.

A tall, dark-haired, black-eyed girl with a wonderful voice—that is our Carmen. Did you ever see a dry-eyed audience after Carmen has sung? This girl has strange powers over us. Who is it we call upon to sing for us—if it isn't Carmen. But singing isn't all she enjoys, because she adores a violin and a good violinist. As for Carmen's teaching ability, that is unquestioned by those who have seen her work in the Training School.

CARL NEWELL — Knoxville, Pa.

"Bob"

President of Mansfield Masquers, Carontawan Board; Chairman Senior Prom; Rurban Club; Band; Y. M. C. A. Cabinet; Football Reserves.

Who says they don't know Bob? His likeable personality just naturally draws people to him, like iron to a magnet. Because of this quality he is always on friendly terms with occupants "across the arcade".

But Bob is a conscientious worker and is envied his capability in teaching. He has been one of the mainstays of the band and the "Y" for three years.

HAROLD O'DELL — Mansfield, Pa.

"Poke"

Glee Club '23, '26; Rurban Club; "M" Club; Varsity Football '23, '25; Carontawan Board; Sergeant Ambulance Company.

Whether it is work or play O'Dell is in the game every minute. If you've seen him "go thru' that line" down on the field or in the Lab. you'll know. "Poke" performs with equal ability in the Junior High, so we are all certain we will hear of greater achievements from him in the years to come.

ALFHILD PARSON — Mt. Jewett, Pa.

Y. W. C. A. Hiking Club; Domicilians.

To describe our beloved Al in eighty mere words is impossible. We cannot confine the sun to one room, neither can Als' praises be sung in so brief a space. She inspires us to poetry:

A—is for our admiration.
L—is her laughter's duration,
F—is for her friendship true,
H—is for happiness, her rightful due;
L—is her laughter's long duration,
L—is the love which inspires these lines,
D—Dom Science in which she shines.

ALICE PARSONS — Westfield, Pa.

Alice first made her appearance at M. S. N. S. during the winter of 1924. Last year she absented herself to return again to our ranks this year in order to complete her training for Junior High School work. We do not see very much of Alice as she spends most of her week-ends in her home town.

EDWARD PECK — Sayre, Pa.

"Ed"

Class President, Middler, Senior; Student Council '26; Mansfield Masquers; Athenaean Society; Rurban Club; Y. M. C. A.; Orpheus Glee Club; Gospel Team '25, '26; Ambulance Company.

A glance at the above activities will give you an idea of the versatility of Ed. He has shown us that a big man can really be a "big" man, by his leadership of our class through many difficulties. We know that Ed will be "Graced" by the spirit of true success.

GRACE POTTER — Old Forge, Pa.

"Dracy"

Rurban Club; Domicilians; Athletic Club; Y. W. C. A.

Grace is the ideal modern girl. She is frank, peppy, and capable, combining these qualities with good sense and sweet goodness. When it comes to basketball, skiing, tobogganing, and all kinds of sports, Grace is always around to make the party more enjoyable with her pep. She very cleverly arranged a secret party for us and the grand surprise was the sewing numerals on basketball jerseys. Who was surprised. Everyone of us, because we expected and surmised just heaps of things.

BERNITA POWERS — Mansfield, Pa.

Glee Club.

"Jim" is a regular all around girl. Her easy-going, pleasant way will get her most any where. Can she eat and dance? Well, I'll say she can. If you want someone who is in for a good time, call on "Jim". She may be busy, it's true, for she really is quite popular.

Once you know Bernita you find she is the kind of a friend you can't and never will forget. Here's luck to "Jim".

GRACE PRYOR — Blair's Corners, Pa.

Emersonian Society; Outdoor Club; Y. W. C. A.; Glee Club.

Although Grace belonged to our class last year, she did not live in the dorm, and so we didn't know her as well as we wished. This year she has made for herself an assured place in the hearts of the many friends she has made in both North and South Halls.

We know that she will rise to the heights in the educational fields because of our observation of her accomplishments in the Junior High School.

FRED H. RINGROSE — Berwick, Pa.

"Fritz"

Glee Club; President of Supervisors' Club '26; Band; Orchestra; Male Quartette '26; Y. M. C. A.; Red and Blacks; "Y" Minstrels '24, '25; Opera '25, 26.

Chief supporter of restaurants and ice cream parlors—that's "Fritz". "Fritz" is among the premier pianists and composers of the school. He holds down the percussion section of both Orcestra and Band with an ease that can be equaled by no other man of his own weight.

We will remember Fred throughout our days as the jolly fellow whom we know will make his mark in this world of hard knocks.

DOROTHY ROBERTS — **Hop Bottom, Pa.**

"Dot"

Rurban Club; Hiking Club.

Little one realizes the depths of Dot's humor until one knows her well. Does she ever miss an opportunity for a witty remark or a good joke? Ask her friends.

She pretends to be hard as nails and tough as leather, but we think the name doesn't apply. Dot enjoys ghost stories and popcorn balls, especially as midnight feeds.

She wouldn't break rules because it isn't the right thing to do, but did you ever visit 450 North Hall.

Good luck, ol' kid!

PAUL RUSSELL — **Athens, Pa.**

Orpheus Glee Club.

"Calmness of mind is one of the beautiful jewels of wisdom." Paul is calmness of mind and dignity personified. He accepts things as they are and makes the best of them—which, after all, is a mighty good thing to do.

He is one of our prominent down-town students. You don't believe it? Ask some of the down-town girls. We hear that he can play the organ.

Our best wishes go with you, Paul.

FLOYD SCOTT — **Springville, Pa.**

"Barney Google"

How did Floyd receive his nickname? That is a matter of ancient history, in fact, few, if any, know who originated it. Floyd is by far more widely known as "Barney" than by his real name.

Barney joined us three years ago with the idea of taking Group II, and as a consequence did his work in the Training School last year. We hope he will find his place in the ranks of Group III better since he has made the change.

HELEN SHERMAN — **Port Allegany Pa.**

Music Supervisors' Club; Y. W. C. A.; Glee Club; Hiking Club; Athenaean Society.

She is always happy, no matter what the weather. We hope that Helen will have as much success in her coming teaching experience as she had with her work here. She is a good student and loyal friend; from her radiates the fragrance of a sweet disposition and a sunny smile which have won their way into the hearts of all her schoolmates.

HOWARD SQUIRES — **Hop Bottom, Pa**

Band; Orchestra; Orpheus Glee Club; Y. M. C. A. Cabinet.

Howard became one of us in the autumn of 1923 and has remained with us for three winter terms. He is jolly, full of pep, and can he tease? Just ask his room-mate! He is a real pal of the ladies, but his interests extend outside M. S. N. S., we know, because he has that daily letter from Penn State.

We know you'll be a successful teacher, Howard, so here's to you!

GENEVIEVE STEARNS — **Coudersport, Pa.**

"Gene"

Hiking Club; Domicilians; Rurban Club; Y. W. C. A.

When you see a curley head peeking 'round the corner, you'll know that it belongs to Genevieve. Nearly every one knows Gene—if they don't know her, they have heard of her because of her famous committee meetings.

We wonder where Genevieve spends her week-end, and why—at a place not far from Mansfield. Never mind, Gene, Smithville is a good place.

MARYETT TILLMAN — **Painted Post, N. Y.**

"Tillie"

Supervisors' Club; Glee Club; Y. W. C. A.; Athenaean Society.

Syracuse's loss is our gain. Tillie is a peach, full of pep, thoroughly modern.

When it comes to music and dancing,
Tillie is more than entrancing;
As for the subject of teachin,
Just great! And here I end my preaching.

ORLO VAN CAMPEN — **Clark's Summit, Pa.**

Outdoor Club; Domicilians; Y. W. C. A.

Orla is another one of our Home Economics students. She is a very conscientious and faithful student and always thinks of her work before playing. She is a friend worth having and we are sure she will make a successful teacher.

O—The beginning of her name,
R For R.ght—always the same,
L A life serene and kind.
A Just a man to mind.

PERRY WHITNEY — **Thompson, Pa.**

Rurban Club; Y. M. C. A.

Yes, here is our friend, Perry. He is always ready to lend a helping hand. Besides being a good student he is a motion picture machine operator. At this work he is as skilled as any professional.

Perry has little use for North Hall and its occupants and is rarely seen in its vicinity. He is more interested in animal husbandry and care for his stock well.

Laying aside all joking we appreciate his ability and wish him success anytime, anywhere.

ELLIS WILLIAMS — **Nicholson, Pa.**

Band; Orchestra; Y. M. C. A. Cabinet.

Ellis is a cheerful, slow, and easy-going fellow who always gets there, even though he is a little late. Ho has developed a taste for fancy handwriting and will be a second "Palmer" someday.

He seems to have very little interest in our M. S. N. S. girls, but you can readly understand that by the pictures he has in his room. Good luck to you, Ellis, all through life.

IVAH YOUMANS — **Mansfield, Pa.**

Orchestra; Glee Club.

They say she is "quiet and dignified". Yes; until you know her, then you find that she is full of fun and always in for a good time. Ivah will make good in whatever she undertakes because she has the ability back of her. Here's luck to you, Ivah, for we know you are on the road to success.

JOE YURKEWITCH — **Elkland, Pa.**

Glee Club; Male Quartette; Mansfield Masquers.

The harmony of the smoking room quartette will be broken when this good bass singer is graduated from M. S. N. S. Joe also has ohter accomplishments besides his voice. His dramatic ability is unquestioned, especially his abilty to take comedy parts in plays.

Joe's only failing is his inability to forget that little brunette of last year's class.

Post Graduates

ANNA BLATCHLEY — **Wellsboro, Pa.**

Group Three has had a mighty fine addition to its ranks in Anna. We, who have been members of this group for three years, are not as well acquainted with her as we would wish. We hear that Anna likes fun as well as the rest of us, but that she is also a conscientious worker. You have our best wishes, Anna. May you be a success in your chosen field.

FLORENCE LORD — **Waverly, N. Y.**

Y. W. C. A.; Domicilians.

Florence returned to M. S. N. S. this year to complete her fourth year in Home Economics. Part of this year she has spent having a lovely time while doing her practice teaching at Truckville. Florence is fun-loving and is almost always seen in company with her twin. Best of luck to you both in the Home Ec. field.

IRENE LORD — **Waverly, N. Y.**

Y. W. C. A.; Domicilians.

Irene is said to be the older of the twins and is known to be the more serious one of the two. She, as well as her sister, is very good at Art and Sewing. Irene is willing, conscientious, hard working, quiet—yet with a twinkle of merriment in her dark eyes.

BEATRICE LUDINGTON

Beatrice has returned to M. S. N. S. after a year's practical work in the teaching profession, to do work in Group Three.

Clever in her classes, conscientious about her work in general, quite capable of enjoying good times, "Bea" will succeed.

ANNA MASON Sayre, Pa.

Last year Anna finished in Group Two, but she decided that Group Three suited her better, so she returned to finish in that group. Anna has time for fun as well as work and enjoys it to the utmost. We'll remember these dormitory days a long time won't we, Anna? "The smile that won't come off" is a fitting expression to give to you. No circumstance can change that never-ending smile. How did you get your dimples?

THOMAS O'BOYLE Miners Mills, Pa.

"Tom," "Boyle," "Stackey"

Manager of Basketball, '25; "M" Club; Y. M. C. A.; Emersonian Society.

Tom completed the required work in Group Two last year, but decided to go a step higher on the educational ladder. "Boylee's" main avocation is dancing. CLASS OFFICERS

Secretary.....Gladys Schwab
Treasurer .....Bennett Strait
Historian.....Earle L. Bidlack

THE MIDDLER CLASS, though small in comparison to the Junior and graduating classes, is by far the largest in the Normal's history. In it much of the talent of the school is centered. In view of these facts we anticipate an unprecedented Senior year. Our Junior year was filled with more or less excitement. We had come here as high school seniors and having to be subjected at once by the upper classmen of this institution was not only a surprise but also a great disappointment to many of us. But, as the weeks passed, realizing our intellectual inferiority, we began to have more esteem for our learned superiors. We must admit however, that many of our most valuable lessons were learned during this period of infancy.

On September 8, 1925, we returned to school as Middlers eager to participate in all that was in store for us. During the year our life in "The little town on the hill" has been somewhat typical of that which we can reasonably expect later in the world of occupations. On December 11, a few days before our Christmas vacation, our class was called upon to realize the uncertainty of life and the certainty of death when one of our class members, Robert Cowles, passed away, following only a few days illness of septic pneumonia. To his parents we extend profound sympathy and may we trust that his untimely passing has been the decree of divine will.

And now as the closing weeks are approaching we wish to extend our thanks to the faculty who have shown great interest in our welfare during the term. Memories of them and the Juniors' acquaintances which we expect to renew in September, 1926, will always remain with us. To the Seniors, we are to say "Farewell" and may their success in the future be their fortune and our inspiration to bring even greater fame to our Alma Mater.

E. L. B., '27.

Middler Class Roll

Russell Alden — **Nicholson, Pa.**

His vanishing smile and cheery manner have not only won a host of friends, for himself, but have also been an instant cure for others' blues.

Mildred Allen — **New Albany, Pa.**

We fear that we shall lose Mildred next year for she has many interests at Penn State.

Roy Austin — **Covington, Pa.**

This scientific gentleman astonishes his friends with the ease and accuracy with which he accomplishes so much. Roy is a man wherever he may be and our best wishes go with him.

Sarah Bates — **Mansfield, Pa.**

Pret'y little blue-eyed Sally,
Takes the music supervisors' course, you know;
Everybody knows her in the Valley.
You can hear the piano ringing
And hear her voice singing,—
In a rustic shack for two—
I wonder who?

Rose Marie Bede — **Scranton, Pa.**

"Ever calm and ready with a response to any question."

Mrs. Maude Bailey — **Ulysses, Pa.**

Does M. S. N. S. sometimes seem like an orphan asylum? Not when Mrs. Bailey is around. Who could be homesick with such a jolly companion?

Elizabeth Benjamin — **Scranton, Pa.**

Good-natured and care-free is our Elizabeth. She works a little, plays a little, and smiles a lot. Everyone loves her.

Earle L. Bidlack — **Sayre, Pa.**

Our Carontawan representative. Brilliant, capable and efficient, and yet we wonder, too, how one head holds all he knows. The best wishes of the class go with you "Biddy" in your teaching career.

Sarah Bixby — **Sylvania, Pa.**

Week-ends at home seem to appeal to Sarah—we wonder why. Best wishes for your success as a music supervisor.

A little bit quiet and a trifle shy;
But a mighty good friend
If you knew her as I.

Marjorie Chamberlain **Sabinsville, Pa.**

"Marj" with her "pep" and auburn tresses completes the Music Supervisors' course in '27.

Celia M. Cleveland **Mansfield, Pa.**

Because of Celia's many good qualities we feel sure of her success and wish her the best of luck in her music supervisor's work.

Desta Ruth Cole **Mansfield, Pa.**

Wanted:—An intelligent answer in class. Ask Desta Cole.

What would the Y. W. C. A. do without their song leader? Martha is one of those inquisitive persons who always likes to know the reason why. Should she not be successful?

Dorothy Capalowitz **Blossburg, Pa.**

The little Napoleon of M. S. N. S. We must remember the old saying that good things come wrapped in small packages.

George Crittenden **Coudersport, Pa.**

Agnes is the star in our harmony class Some of her one hundreds would look good to the rest of us. We predict her to be a successful music supervisor

"Henry" thinks the "regulars" who wait table are far more interesting than any of the other S. H. inhabitants.

Frank Muskaloon — **Peckville, Pa.**

"Musky," the short gent of S. H., comes from the hard coal region. However, we judge from his ability that scientists also come from that region.

James Slattery — **Wellsboro, Pa.**

"Man dreams of Fame," James is one of the quiet members of our class who accomplishes much.

Clinton Smith — **Nicholson, Pa.**

"Clint" is the big man of our class. A studious one, too, but he has time for fun. Ask any fellow on fourth.

Nevelle Smith — **Lawrenceville, Pa.**

"Nib" apparently leads an unromantic life, but underneath it all we believe there is a bit of western romance.

Arthur Sorber — **Wilkes-Barre, Pa.**

In his studies and music "Flash" believes in the old maxim, that the more you put in a thing the more you are going to get out of it.

La Rue Stanton — **Mansfield, Pa.**

When "Rue" isn't swinging a ball club, tennis racquet or pen, he is skating, swimming or engaged in Y .M. C. A. amusements.

Jessie E. Stark — **Seeleyville, Pa.**

"It took us a year to get acquainted with her, but it was well worth the time."

Bennett Strait — **Mansfield, Pa.**

"No wit can surpass Bennett's, and oh, what a sheik!"

Lynn Taylor — **Troy, Pa.**

It is a common sight to see Lynn walking up from down town "very early" mornings. We wonder what is the attraction.

Roy Thomas — **Factoryville, Pa.**

With the girls he is a sheik,
Both day and night of every week;
But sooner or later we're sure that Roy
Will learn that music gives greater joy.

Donald Watson — **Athens, Pa.**

His ability as a student has always been known; but little did we realize how fine a football player he is until recently.

Esther I. Wallis — **Muncy, Pa.**

"Esther may be here; but her heart is at Bucknell.

Frank Whitmer — **Ralston, Pa.**

Frank tries to keep his room-mate straight and so far has succeeded. Because of this disciplinary power we are sure he will make a good teacher.

Grover Worthington — **Muncy Valley, Pa.**

One of the star athletes of the class. Whether in football or basketball "Grunt" was there with the goods. He has been a capable class president.

Historian ..... Kentley Jones, Jr.

MEMORY IS KIND to us in that we can distinctly recall our entrance and reception to Mansfield State Normal School. Higher education was the aim and desire of most of us. We were tired, yet flushed with excitement and curiosity. There were new faces, scenes, and situations—a new environment with which to meet and cope. We were first attracted by the buildings as they stood like sentinels on the hill facing the own. Enhancing their solid foundations, the campus wide and luxuriant, with green grass, trees and shrubs rendering the scenic effect perfect.

Like all new arrivals we were "green". We made many mistakes, but, we live to learn and we learn by doing. Because of that keen desire, we overcame all awkwardness of manner, gaining inwardly a higher respect for the school, and consequently an ambition to set our standards topmost as a class.

The Juniors have certainly fared well from an athletic point of view. The chronicles on athletics will fully corroborate this statement.

Many words of praise and acknowledgement are due the faculty for the kind and patient manner in which they received us and in their endeavors to brighten the way on the rugged path to higher education.

As for the upper classmen too much cannot be said. They have aided us in social dilemmas, punished us only when necessary, and have guided us in determining and placing the high standard which we, as a class, must uphold in all things. We sincerely wish for them, "God Speed".

May we, the Juniors, as one neat body do our part to uphold the sacred traditions of this noble institution and may it be said of us: "Here is a class that is ideal from every angle."

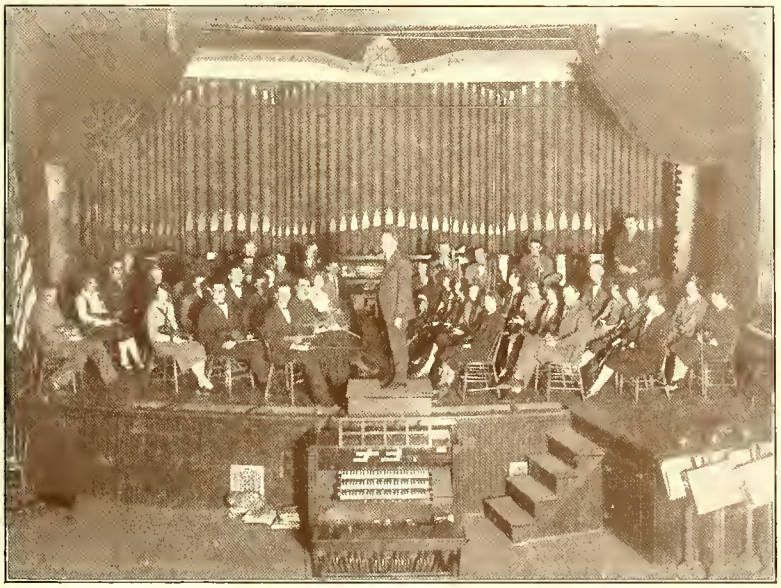
THE NORMAL BAND
John F. Myers, Director

THE OPERA CAST

MUSIC IS THE ONLY ART that actually lives. Her elements, vibration, palpitation are the elements of Life itself. Wherever Life is, she is also, stealthy, inaudible, unrecognized, yet mighty. She is mingled with the flow of rushing waters, with the breath of the winds, with the murmur of the forests; she lives in the earth's seismic heavings, in the mighty motions of the planets, in the hidden conflict of inflexible atoms; she is in all the lights, in all the colors that dazzle or soothe our eyes; she is in the blood of our arteries; in every pain, passion or ecstasy that shakes our hearts. She is everywhere, soaring beyond and above the range of human speech into unearthly spheres of divine emotion.

—Paderewski.



SENIOR MUSIC SUPERVISORS

Music Supervision

IT HAS WELL BEEN SAID that "Music is the smile of education" and so each year in this department, students are prepared to go out to distribute smiles not only to the many children in public and private schools, but also to the many people with whom they come in contact. Mansfield is one of the three schools in Pennsylvania that has had a course in Music Supervision instituted by Dr. Hollis Dann. It is a source of great gratification that we had a man like Dr. Dann to work out just such a course as we have here and that we have a woman like Mrs. Grace Steadman, our Dean of Music, to carry it on. This course now requires three years, but in all probability it will soon be a four year degree course.

Instruction in Public School Music methods and other subjects is given under the capable guidance of Mrs. Steadman, Dean of Music, and she is assisted by a group of qualified and inspirational teachers.

Miss Rachel Jones, who left for a year, has returned to us as Critic Supervisor. She has special ability and, under the influence of her never tiring efforts to mold each student into a good teacher, they get two years practice teaching in the Training School, Junior High School, and Senior High School.

Miss Georgia Locke Hoag, who is not only a graduate of the School of Music at Syracuse University with a degree, but also an advanced student of Miss

BOYS' GLEE CLUB

Carolyn Alchin, of Califcrnia, gives instruction in Alchin Harmony. Under her direction, Harmony, instead of being a dry subject, is one of the livest in the department. She also gives instruction in Theory, Dictation, Sight Reading and Melody Writing.

Mr. John F. Myers is the instructor in Music Histcry, Sight Reading and Band Methods. Our school band is under his personal direction.

Mrs. John F. Myers is instructor in Music Appreciation, Sight Reading, and also a private teacher of piano.

Instruction in stringed instruments is given by Dr. Will George Butler and as director of the Mansfield Normal Symphony Orchestra he is the best obtainable in the country. His "Mansfield, Hail!" (our Alma Mater) is one of the best school songs ever composed, and every student realizing its merit gives due credit to its composer.

The voice work is under the most thorough instruction of Miss Cora Atwater, contralto, and Miss Elsie Perkins, Soprano.

Instruction in Piano is given under the careful and capable direction of Miss Irene Ripley, Miss Janice Clark and Mrs. John Myers.

A number of recitals are given every year in all phases of the Conservatory work.

The Mansfield State Normal Band is directed by Mr. John Myers, who, by his untiring efforts has raised the standards of this organization to such a degree that it wins the admiration of not only the students, but of the many auditors before whom it has played. Each year the band makes a number of trips to nearby towns where they play firs tclass concerts.

The Mansfield State Normal Symphony Orchestra under the direction of Dr. Will George Butler, plays each year a number of symphonies of great composers. zation which meets twice a month. At the meetings many problems are discussed

GIRLS' GLEE CLUB

Of this organization Manderville Bartle is concertmeister, and he is also assistant to Dr. Butler. This organizatioon makes trips to other towns where programs are given consisting of symphonies, overtures and other forms of instrumental music.

The Dean of Music, with the assistance of Miss Hoag as accompanist, has under her own personal direction the Orpheus Glee Club which is composed of thirty-nine male voices selected from the school in general. This club gives a number of concerts yearly and this year they are planning to make several trips to nearby towns to give concerts.

The Cecelian Glee Club is under the direction of Miss Rachel Jones, with Miss Janice Clark as accompanist. Miss Jones' pleasing personality has won for her the esteem and admiration of the one hundred four members of this club. At least one concert is given yearly by this organization. Besides several special numbers, the club will give The Lady of Shalott by Bendall this year.

From the Orpheus and Cecelian Glee Clubs are selected one hundred voices which go to make up a Vesper Choir. This choir usually gives three concerts yearly, but this year there will be but one, which will be given at Easter time.

The men's quartet is chosen from the Orpheus Glee Club and they usually assist in concerts given by that club, besides giving their aid at any other time they are needed. It is under the direction of Mr. Myers.

Likewise, the ladies' quartet is chosen from the Cecelian Glee Club, and is under the direction of Miss Jones. They give several numbers at the time of the Glee Club concert, and also help at any time they are called upon to do so.

As a climax for each year's work an opera is given. Sullivan's "Mikado" was produced last year and was an overwhelming success. The opera is always under the general direction of Mrs. Steadman, who directs the action and music while Miss Hoag accompanies. The general co-operation for this work is most unusual. Last year special scenery was painted by Miss Laura Wheeler and Dr. Will George Butler.

So far, every student who has graduated from this Music Supervisors' Course and has gone out into the field, has made a decided success.

Training School

Training School

THE TRAINING SCHOOL where we, Mansfield Normal graduates of the class of 1926, have received the most vital part of our education has been rarely blessed, as have we also, by the directorship of Mr. E. A. Retan. He, mindful of the welfare of each student, full of ideas for adjusting all of us to better classroom procedure, firm and unrelenting in establishing high standards of endeavor, inspires each to truer professional effort.

The Training School has helped us more than any other department in learning about the child.

We feel that in this department our contact with the children, in observation, demonstration and teaching assignments, has been guided, made more purposeful, meaningful, and in every way helpful by the unusual ability of its supervisory staff.

Shades of the prison house certainly do not close around the growing boy who is in one of the first six grades in this institution. But rather, the child takes his proper place and is the reason why teachers are trained, why we have been trained.

It is fitting that we should include in our year book a page which shall remind us in the future of the spirit and the ideals of that department of our school where we began our work and pledged ourselves to the service of children.

Junior High School

THE JUNIOR HIGH SCHOOL was organized in the fall of 1920 with dual objectives: it aimed to provide more definitely for the needs of the adolescent of the community; and it hoped to afford an opportunity to the Normal students of Group III to catch the spirit and enthusiasm so necessary to successful teaching in this transition period in every child's life.

The Junior High School has enjoyed a very happy existence through its life in Mansfield. The community has co-operated loyally, giving praise for effort without too close scrutiny of actual results; and student teachers of each class, that of 1926 being in no sense behind its predecessors, have without exception spent time and enthusiasm without stint or measure in order that each Junior High School student might get value received for each minute spent in our Junior High School. It is a pleasure to pay tribute where tribute is due. It is altogether safe to predict that no school system will ever receive more sympathetic, enthusiastic service from the people who have taught in our Junior High School as student teachers than that which they have rendered here as student teachers.

We hope for a happy future as an organization. And we frankly depend upon the Normal Seniors to carry on in such fashion as to justify our continued existence.

Art
L. Rauscher

Art Department

ONE WHO TEACHES others how to make beautiful things must often feel the satisfaction of an artist in a two-fold way. His pupil's mind is a medium more plastic than clay or other material he may work with and although relatively few of those taught will be craft workers and fewer still artists, yet even the teachers commonly undervalue the impression they make on their pupils' attitude of mind toward all things beautiful. That very impression, however slight or fleeting it may appear to be, creates a craving and a respect for things beautiful, and later will also create the demand which is indispensable to encourage artists to produce great work. This is the only way in which art can prosper now with us, by becoming universal, by being something to which everybody's heart responds. We may not all be producers of beautiful things, but we can as a nation be much more appreciative.

THE GOSPEL OF ART

"Work thou for pleasure: paint, sing or carve,
The thing thou lovest, tho the body starve.
Who works for glory misses oft the goal,
Who works for money coins his very soul.
Work for the work's sake, then and it may be
That these things shall be added unto thee."

—Kenyon Cox.

Dear Mary and Bob:

So you are to graduate in a few weeks from Mansfield State Normal School? My very best congratulations. Indeed it is hard to realize that you have been away at school three years. And your father has given each of you twenty-five dollars to be spent for books? And he recommends that they be fairly recent ones which will be enjoyable readng? What an unusually discerning father. You are fortunate young people. As for myself, I can think of no more delightful task than telling you of some things you may enjoy.

You both love poetry, I know; and I remember that last summer at camp you were bewailing the lack of a good collection. If I were graduating, I should hope that some one might be inspired to give me the Oxford Book of English Verse. It includes the loveliest things in English poetry from the year 1250 to 1900, and is a real treasure. Then we must have one of the modern collections. There are two good ones by Untermeyer, Modern British Poetry and Modern American Poetry. Or one might choose Wilkinson's Contemporary Poetry, which has both British and American verse. There is a recent anthology of lyrics—Golden Treasury of Modern Lyrics edited by Binyon—which is not too large to carry in a pocket, at least it is not too large for a boy's pocket. Bob will like any of these, and will perhaps want to add a volume of Service or Kipling. Mary may choose one of Amy Lowell's collections. Does either of you know those little books of Houseman's, A Shropshire Lad and Last Poems? There is something fascinating to me in their bitter-sweet terseness. "With rue my heart is laden" and "When I was one-and-twenty"—aren't those fascinating first lines?

Biography is as varied and almost as much read as fiction nowadays. Biographers seem to have found new ways of looking at their subjects—one might almost say at their victims in some instances. Here are a few that occur to me: Queen Victoria by Strachey, iconoclastic but delightful; A Son of the Middle Border by Garland, deeply felt and quite beautifully written for the most part; Everybody's Saint Francis by Egan, with its beautiful pictures by Boutet de Monvel; From Immigrant to Inventor by Michael Pupin, with chapters of real poetic charm, especially those depictng the author's boyhood life in Serbia; My Garden of Memory, the autobiography of Kate Douglas Wiggin, with its revelation of somewhat of the personal charm of its author.

It seems to me that I have heard you say, Bob, that you do not like essays. Ask your school librarian to find for you some rainy afternoon the first series of Modern Essays edited by Christopher Morley, and try the one entitled, Some Nonsense About a Dog. If you like that go on to the next—The Fifty-first Dragon. Mary, you will like, I believe, The Hills of Hingham by Dallas L. Sharp. Its contents range from the consideration of pigs to that of honey, and from seed catalogues to foxes.

Should you like to buy a guide book to Paris, Mary? I know you hope to go to that "heaven of good Americans" someday? There is a really interesting one by Laughlin, called "So You're Going to Paris?" It is as chatty and intimate as its title. Bob will perhaps journey to the wilds with Hans Coudenhove in his "My African Neighbors," or with William Beebe in his "Jungle Peace." Or both of you may prefer to explore the world lying nearer at hand with Fairs in his beautiful Seeing Pennsylvania.

With the best of good wishes,

Your friend,

THE LIBRARIAN.

HOME ECONOMIC SENIORS

OUR CREED

Home Economics stands for:

The ideal home life today unhampered by the traditions of the past,

The utilization of the resources of modern science to improve the home life,

The freedom of the home from the dominance of things and their due subordination to ideals;

That simplicity in material surroundings which will free the spirit for the more important and permanent interests of the home and of society.

—Ellen H. Richards (1842–1911).

Home Economics

It was three years ago, when we, the class of 1926, entered the walls of learning of our dear old Mansfield State. There was hard work, but too, there was the pleasure of becoming acquainted with some and forming true friendships with others. We learned a new social life, which we had not known before and the credit is yours—Dear School.

Among the Normal Schools of the State to Mansfield belongs the distinction of having the first four year class to be graduated. This year we are proud to say we have three girls who will finish the four year curriculum and we hope that each year the classes will be larger. Graduation from this course will allow one to teach in both vocational and general home economics courses.

Our course offers instruction in cookery, clothing, practical housekeeping, and a host of related subjects. Our practice in applying this knowledge comes when we live at the practice house during our third year and in our student teaching in the Junior High School.

Through the able supervision of Miss Lu Hartman and the co-operation of the State Department, the educational content of the course has been strengthened sufficiently to put it on a degree granting basis for those who finish the four year curriculum. In the past year the enrollment of the course has greatly enlarged, making it necessary to add "several" new buildings. We have expected for some time to have a Home Economics building all our own. We are sorry to report that it is still only on paper, but we haven't given up hopes it will all come some day.

Excellent instruction in clothing is given by Miss Sadie Smith and we all feel very fortunate in having one so patient with us during our trials of making coats and dresses. During our first year Miss Smith was taking further work at Columbia University, but she was heartily welcomed our second and third years.

All the members of the course have received information and experience in cookery and related subjects under the supervision of Miss Maryon Farrer.

Our girls are not talented only in making pies and cakes, or designing and makng garments, but many have developed other talents in taking voice, piano and elocution, and many are member of the Glee Club.

The teacher who misses all the fun
Says of Home Projects, "It can't be done."
In solemn pride she stands around
And greets each venture with a frown.
She'd have no electric lights or steam,
No basketball or football team;
No telegraph or telephone,
She'd linger in the age of stone;
The school would sleep—if things were run
By people who say, "It can't be done."

Men's Gospel Team

NOT A VERY OLD ORGANIZATION, which may partly account for its aggressiveness. The Gospel Team has been very active this year. It held services in most every church in Mansfield and in towns within a radius of fifty miles. The team is composed of good timber, men who are interested in religious work and who try to do their best in promoting Christian spirit and character.

The Y. M. C. A. did no bad thing when it added the Gospel Team as an outside worker. The team helps to strengthen the "Y" and also awakens outsiders to the fact that there is a student Y. M. C. A. at Mansfield.

Aside from the splendid experience received by each individual member, the team has tried to be of service to others. It was ready at all times to respond to emergency calls. The team also did a little work in the way of week-end programs. These included, besides the regular church services on Sundays, meetings for young people, services for children, and recreational programs. We are in hopes that the Gospel Team of the future will enter into this field more extensively.

IT SEEMS scarcely necessary to explain the meaning of the Y. W. C. A., but we are so very proud of ours here at M. S. N. S. that we must tell of the wonderful success it has been. Normal school life, as everyone knows, is a very busy one. We have had much fun and frolic along with our common interests of the class-room. But above all this there is something even greater; something deeper, something quieter, something infinitely more compelling in its power and influence. It enters lives, and makes each one purer, broader, and more splendid. It is the Christian Spirit which has entered our hearts through the Y. W. C. A. here at M. S. N. S.

We are justly proud of our large membership this year since it has been purely voluntary and exceeds two hundred. Our meetings have been well attended because of their varied and interesting programs made possible only thru the hearty co-operation of each girl.

Last summer the cabinet attended a Y. W. C. A. conference held at Eagles-mere. Inspirations received at this conference have led us to adopt a new type of meeting. We have carried out the plan of the open cabinet meeting, and discussion groups, besides the regular devotional meeting. Our discussions have been very interesting, for we had such fun in talking about problems of the modern girl. For example, some have been: "Should the Modern Girl Smoke," "Can a Woman Have a Profession and a Home," and "The Man I Want to Marry."

Aside from these regular meetings we also had many social events. Girls, shall we ever forget that lawn party when we played the games and when we first began to get acquainted with each other? We had a good time at our reception, too, didn't we?

Among our money raising schemes was the sale of candy, sandwiches, and ice cream. Also the Japaneze Bazaar which was a great financial success as well as a social time.

We had better not tell how much money we do have in the treasury, for some one might want to borrow some. However, we have a definite plan in view—that is the building of a Y. W. Lodge among the pines on Normal Hill. Here's hoping in case our plans do not materialize this year that the following Y. W. C. A. Cabinet and students will reap the benefits of our foundation plans.

We are glad of the Y. W. C. A. and the influence it has had on our lives. More than that, we are glad for the Christ who is the Friend of the schoolgirl. May each girl, as she leaves our Alma Mater, know better the meaning of this great friendship, live nearer to her God, and strive to make her life what He would have had it, because of her contact with the Young Women's Christian Association.

OUR PRESENT CABINET was elected to office on the 25th of April and immediately took over the responsibilities and duties of the organization. The President, Vice President, Secretary, Treasurer, and Secretary of Deputation had the privilege of attending the State Convention held at Franklin-Marshall College, Lancaster, Pa. The mentioned officers attending the convention were greatly inspired to carry on the Y. M. C. A. work. Upon their return various reports were given in the hearing of all the "Y" members. The new school year began September 9, 1925. The members of the Cabinet returned early to help and direct the Freshmen and give them a hearty wecome.

From the beginning of the year many different diversions have been provided by the Y. M. C. A. members, viz.: The joint Y. W. and Y. M. reception for new students, motion pictures, outings, the annual "Y" dance, pool and checker tournaments and our weekly Thursday evening devotional meetings. These various activities strive to promote the mental, moral and spiritual growth of our students.

The Y. M. C. A. is one of the major organizations on the campus. This is true because of its definite aim; that of promoting good fellowship—and a deeper interest in life's activities. With this thought in mind the welfare of our students is provided for and the ultimate end is a Christian character and better citizens for our commonwealth.

In furthering the spiritual work we are fortunate in having a "Y" Gospel Team. The young men of this team have conducted many inspirational and influential services during the year and we are all of the same accord that it has not been in vain.

The "Y" hut furnishes social recreation and a place for the fellows to spend their leisure moments in a moral environment. In other words, the Y. M. C. A. is a "hig brother" to the student while he is in school.

THE ATHENAEAN LITERARY SOCIETY has for its purpose the promotion of friendship, virtue, and acquiring literary culture. To reach the culmination in life, we must have those fundamental abilities, of acquiring friends, of leadership, and of tactfully handling all situations. The society furnishes an opportunity for the development of these abilities.

Our meetings are semi-monthly, being about an hour and a half in length. Our programs vary in type and form. always coinciding, however with the purpose of the society. Our debates are on present, live topics, and are of interest to all. Dramatization, readings and songs are included in our programs. Excellent programs have been rendered this year, giving much credit to the program committee, whose hard work and skill have made these possible. Dr. Williamson, our sponsor, deserves great credit for her advice and directions throughout the past year.

This has been a very profitable year for the Athenaean Literary Society, both in an educational and financial respect. A number of plays have been presented before the school. These helped to put the society on a sound financial basis and at the same time gave the members an opportunity to display their talents.

The society desires only strong, hard working, conscientious, broadminded men and women, who have foremost in their minds the advancement and betterment of society and their country, as well as their individual selves.

Upon glancing over the numerous activities of the society this year, we can see a real spirit of pride and enthusiasm at work in it, indicating that the Athenaean Literary Society st.ll holds a prominent place among the Normal activities.

THE PURPOSE of the Emersonian Literary Society is to give training in public speaking, dramatics and debating, and to train its members in the conduct and organization of clubs and similar activities. Believing firmly that we learn only by doing, the membership of this organization has been so limited that each person is assured an opportunity of expressing to the fullest his individual abilities. In this manner no one is slighted, no one is overlooked, but opportunity is afforded for all to experience that pleasure which comes from full and adequate expression of one's power's Without exception we sincerely believe that we have succeeded in accomplishing all that we aimed at, all that we hoped for and all that any society can or has done.

We have often heard, "Don't let your books interfere with your education" used in a joking manner, but if these same words be considered in a serious light they reveal a world of truth. Books are but a small part of our education. Those things that we learn outside of the classroom and in company of our fellows often have a most direct bearing on our lives. Our paramount purpose in this institution is to prepare for the teaching profession, for the instruction of the children of our country in such knowledge and usage that society through repeated experiment deems necessary. More and more the schools are called upon to furnish in miniature a replica of our social institutions. to send out children, prepared in the fullest meaning of the word, to take their places as future citizens. Many of the duties of citizenship are taught not by academic subjects, but by various organizations and clubs. The teacher must know how to organize and conduct these clubs if he is to be truly efficient. In the Emersonian Literary Society we have endeavored to give training that will prepare the future teacher along these lines. This experience is gained through actual practice and we consider it one of the special advantages of our society.

THREE YEARS AGO a group of Mansfield students, realizing the necessity of a better understanding of the Rural School Problem and a closer relationship between the country and the town schools, associated themselves together under the name of the Rurban Club, with the motto: "A Square Deal to the Country Child." From the start the idea was popular and the membership soon reached sixty. Now, when the enrollment is below this number new applicants are recommended for election by an Executive Board of the Club.

The activities of the organization are legion. The members are encouraged to investigate and report on conditions in the rural districts, meet the teachers of the country schools, and induce them to discuss freely their local problems and possibilities, in every way by personal observation, contact and research, report to the Club the result of their inquiries. At the meetings, various programs are put on, giving the individuals an opportunity to give expression to their talents; debates and discussions are encouraged.

This Club enjoys the distinction of having collected and placed at the disposal of the neighboring rural schools the first Traveling Library of Tioga County. This library has been arranged with the greatest care and the books selected with the best interests of the country school at mind. In order to finance this project and expand its variety, an annual theatrical benefit is staged by the members.

The "Brown Mouse" was the last, and we believe the most successful, of these productions. The large and appreciative audience present saw the ideals of the rural school as we conceive them dramatically visualized.

Through the co-operative efforts of its members, this enthusiastic and active organization, has just closed the most successful year in its history.

—Edson Haven.

Women's Student Council

In the Spring of last year the Student Council for the school year, 1925–1926, was elected. The members are as follows:

Secretary of Industry, Gertrude Cross.
Secretary of Public Service, Harriet McCabe.
Social Secretary, Carmen Milliren.
President, Bertha Crisman.
Recording Secretary, Ruth Terry.
Treasurer, Beatrice Geary.

At the beginning of our school year 1925–1926 we were notified that circumstances would not permit two of the Council to join us—the Secretary of Industry, Gertrude Cross, and the Secretary of Public Service, Harriet McCabe. The new members elected were:

Secretary of Industry, Julia Rogers.
Secretary of Public Service, Eleanor Williams.

We have worked hard, both to overcome the former difficulties of the association and also to improve the conditions of the school for the girls. Any success that we may have achieved in either field is due to the splendid co-operation of the girls of the school.

Our largest project for the year was the purchasing of a new piano for the Girls' Club House. By the aid of the Fakirs' Carnival, prompt payment of dues, and generous donations from the faculty we were able to carry out this project.

The girls have enjoyed our Gymnasium Socials which have been directed by both the boys' and girls' social department.

Men's Student Council

THE STUDENT COUNCIL is no organization of itself. We are members not because it was our desire to belong to such an organization, but because a majority of the student body so desired. The students have placed upon us the responsibility of representing them in self-government. Therefore any regulation which we have imposed, or any penalties which we have inflicted should not bring about enbitterment toward any Council member. We have tried to comply with the demands of our office, and in so doing have carried out the desire of the student body.

The plan which was worked out by the previous council, separating the men into two groups, was not put into operation this year. We do not dispute that this method was not a good one, still the unfavorable sentiment aroused by it brought a problem before the Council. The only solution was to have a weekly meeting at which all men were expected to be present. These meetings did not become monotonous, as there was something new and interesting at each one. Furthermore we concluded that a few minutes per week spent at a men's meeting was no burdensome task for anyone. We have carried this program throughout the year, and believe that it has proved satisfactory to all.

This successful year has been brought about only by the hearty co-operation of all men and our Dean, Mr. Balch. The Council is composed of the following:

Robert Kellerman, President; Ames Crediford, Vice President; Oliver Langdon, Edward Peck, Henry Darrow, Henry Obelkevich and Kentley Jones.

Music Supervisors' Club

OFFICERS

President.....Fred A. Ringrose
Vice President .....
Secretary .....Agnes Deuel
Treasurer .....George L. Palmer
Corresponding Sec. Henrietta Mutchler
News Editor .....Helen M. Sherman

NEXT TO DIVINITY no art is comparable to music. The Music Supervisors' Club, as the name signifies, consists of all Senior, Middler and Junior students taking the Music Supervisors' course of study. This club meets bi-monthly to discuss problems of the students who are teaching music in the Model School. The sponsors, Mrs Steadman, Miss Jones and Mr. Myers, very often give talks about their experiences, both past and present, and lend a helping hand in all emergencies.

The corresponding-secretary communicates with graduates from this course, requesting them to present their difficult situations from the work mapped out for them. They must organize bands, orchestras, glee clubs and choruses, and supervise the work of the grade teachers in music. By knowing their problems, we as student-teachers can better fit ourselves for the work ahead of us. This is the objective of the club and has been of great benefit to its members. We hope this new organization will continue to thrive in the coming years.

With donations from the music facutly, graduate supervisors, relatives and friends this club has established "The Robert Cowles Memorial Fund" for the aid of worthy students who are financially unable to pay for their music training while attending school.

We wish to pause here in the midst of all the interesting details of this book, to reflect upon the pleasant memories of all the sunshine the late Robert Cowles added to the life of this school. Never did he refuse to help when he was asked, and this spirit of willingness, together with his genial good nature, made him one of the most popular boys in Mansfield State Normal School.

He was a member of the Middler Music Supervisors class, President of the Dramatic Club, member of the Boys' Glee Club and Music Supervisors' Club, organist at Methodist Church, accompanist for men's quartet and pianist for "The Collegians".

As a tribute to his memory the Music Supervisors' Club has established the "Robert Cowles Memorial Fund." This is to be used for the purpose of helping music supervisors who are in need of financial aid.

This is the highest tribute we can pay to "Bob", and it is thus that we hope to carry on his spirit of helpfulness.

THE PURPOSE of this organization is to interest girls in outdoor plant and anamal life. Meetings oof the club are held twice each calendar month at the Girls' Club House. New requirements were made this year to provide for those girls who had completed Junior requirements last year. Those girls completing Junior and Senior requirements are entitled to a red letter "M". Successful Junior members receive numerals.

We have had some interesting and enjoyable times this year. New members were properly initiated at the beginning of the year. They were "blindfolded" and led to Canoe Camp where old and new members enjoyed a delightful dinner. Among other pleasures the club enjoyed are a Snow Carnival and Taffy Pull. The most successful enterprise the club has boasted this year was "The Japanese Tea Room" held in Alumni Hall at the time of the "Fakirs' Carnival." We wish the best of success to the Club of 1926–27. —Dorotha Escott.

Treasurer .....Mary Clifford

ATHLETICS IS ONE of the most enjoyable factors of school life. Strong varsity teams form the subject for many a written article, as well as receive praise from the institutions concerned. The purpose of the Girls' Athletic Club is to further athletics, to inculcate a spirit of good sportsmanship, and to support the school spirit here. A hundred hours a year spent in various sports are required of a Senior before receiving a letter. Numerals are granted to Juniors for one hundred hours' work. Only those Seniors who meet certain requirements receive a varsity "M".

A tennis tournament is held every spring, as is a swimming meet. Both Junior and Senior basketball teams were organized this year and lively competition existed in their games with each other. No one can participate in any team competition without belonging to the Athletic Club. Other sports in which hours are accepted are: Skiing, skating, and hockey.

Juniors, and incoming classmen, if you are interested in any of the above athletics, and desire to increase the present high athletic achievements of your Alma Mater, join this Club. —Mabelle Jennings.

Girls' Hiking Club

OFFICERS

President .....**Marguerite Kiess**
Secretary .....**Viola Rolka**
Treasurer .....**Anna Jay**
Faculty Advisor...Miss Margaret King

THE HIKING CLUB started the year right by taking in about seventy Juniors. This made the club the largest girls' organization in the school. The Juniors were initiated into the club last September and were then allowed to form a Junior Club. Members of the Senior Club who hike 250 miles during their Senior year are awarded an "M" on a black background with an "H" placed above the "M". Juniors who hike 250 miles are awarded a numeral. Business and social meetings are held at the Club House every two weeks.

It is the common complaint that the modern girl is rough and unladylike. I wish we could get one of those hoop-skirt dames of former generations into our Hiking Club. We would show you just where we have more sense than those delicate ladies of the powdered hair and trailing skirts.

We have passed into the age of happy, healthy girls; we are enjoying the things that make life worth while. This is where we surpass the girls of yesterday.

Juniors, it is your duty to keep the club going, so start out right by having a larger membership next year. We wish you the best of luck and hope that hiking will help you reach the goal of happiness and success. —Marguerite Kiess.

M. Club

OFFICERS

Vice President ....**Grover Worthington**
President .....**Manford Lloyd**
Sec.–Treasurer .....**Amos Crediford**

THIS CLUB was organized in 1922. Mr. Jones, coach of the athletic teams at that time was its originator. The "Charter Members" of the club consisted of eight men who had earned a letter in one of the major sports at that time. All ex-letter men automatically became honorary members. Since that time the club membership has grown very rapidly until now there are twenty-six active members in the school.

The purpose of the club is two-fold: (1) to promote general athletic welfare; (2) to develop in its members a conscious sense of personal responsibility in school and athletic betterment.

Some of the annual functions of the club are: Club Initiation, "M" Club Dance, and the presentation of letters and gold footballs to men who deserve such honor and reecognition. A wearer of a letter or gold-football has something of which to be proud, and above all has the lasting memory of the athletic games in which he has participated.

The only method of financing this organization is by means of a Tag Day. Our Tag Day this year was on the day of the Cortland–Mansfield football game and was a huge success. We wish to take this time to thank all those who helped to support us at that time. —Manford Lloyd.

THE ART CLUB has lived up to its reputation of accomplishing things worth while. This year our time has been divided between art appreciation and practical meetings. During the first semester our club joined the American Federation of Arts through which we have had some very interesting as well as educational reading material. The members of the club spent many enjoyable hours making relief plaques, the results of which were pleasing.

The largest project which the club undertook this year was the production of the Living Pictures. Just how successful these were may be judged by the fact that some of the audience coming in as a picture was being posed, remarked: "That is a beautiful original. I wonder where they will place the 'Living Picture'."

The second semester the following projects were carried out: leather work, basketry and tie dying.

The Club took in about forty new members, making a total enrollment of eighty. For the first time in the history of the club young men were admitted. We hope that the success of the club will continue to increase in proportion with the increase in membership and talent.

THE HOME ECONOMICS girls organized the Domicilian Club early last fall, 1925. The purpose of the organization is to develop initiative and individuality; to recognize Home Economics in the light of the new vision of education as a factor in social evolution; to realize that the highest good is attained in life through service; and to urge future teachers to consider the trend of events and keep abreast of the times.

The club meets once a month. It is planning a public assembly program or play and expects to undertake some project work. It has become affiliated with the American Home Enonomics Association.

CAST OF "SEVENTEEN"

THE ART OF THE DRAMA resolves itself into the art of living. Acting is but the sincere portrayal of truth—a sincere response to thought in feeling. The art of the theater is a collaboration of the brains and hands of many persons. A great many factors go into the making of a successful dramatic production. Recognizing this fact, a band of earnest workers organized the Expression Department into the Mansfield Dramatic Club—"The Mansfield Masquers."

This society does not essentially desire actors as a result of the development of the dramatic instinct, but more appreciative human beings whose horizons have been broadened, whose store of knowledge has has been increased, whose taste has been cultivated. Operating under the four departments—Acting, Costumes, Scenery-Art, and Publicity, the society has endeavored to make the study of dramatic art, a living, vital thing. By its choice of plays, it has attempted to create a desire for better thiings in literature and life. Through individual and collective instruction, study and production of plays, "Mansfield Masquers" has endeavored to develop the power of self-expression, to give a personal interest in social relationships, a greater appreciation of humanity with its possibilities and limitations, and a desire for the good and beautiful things in life. Mansfield Masquers measures its success by the effort put forth by each individual and not the display of a few persons. This society is preparing for the great art of living by emphasizing the great lessons of team-work and forbearance.

The badge of the organization is earned through the successful appearance of the individual in one production of the year or an equivalent amount of work which is vitally necessary for the production of the play. "Mansfield Masquers" has co-operated with the Athenaean Literary Society, Art and Rurban Clubs in their dramatic productions of the year. Formal initiation for the purpose of bestowing pins follows the production of the plays.

"Mansfield Masquers" has a vision of good drama, intelligently studied and realistically interpreted and produced. The society attempts to bring about the desired ends by the serious study of the drama at the bi-monthly meetings. History modern tendencies of drama, actors and plays are discussed; readings and plays given,—the latter being coached by members of the society.

Two one-act plays, "The Florist Shop" by Winfred Hawkridge and "The Other One" by Arthur Ketchum, were produced October 31st. The society endeavored to show through these productions, the complete unity of structure, and singleness of effect of the one-act play and its right to the claim as a definite literary and artistic form of drama.

"THE FLOWER SHOP"

Eleanor Rees, Eleanora Fisher, Myrle Lee, Hazel Van Horn, Anthony Shelinski, Kathryn Cooper, Edward Dorsett, Julia Rogers, Thelma Overpeck.

"Seventeen," Booth Tarkington's play of youth, springtime and romance, was produced by the society February 12th. Every member of the cast and society put forth splendid effort, thus making the play worthwhile. Each member was one in heart and soul with the aims and desires of the organization, without which the vision of good drama could not have been realized.

Other one-act plays and skits were studied and produced—thus completing the year's dramatic program. The year has been successful because of the splendid co-operation on the part of all departments of the school with the dramatic department and the democratic, helpful feeling existing between the members of the society themselves. We wish to thank everyone who has in any way contributed to the succeess of "Mansfield Masquers". We wish to especially thank Dr. Florence Williamson and Mr. Fred Brooks for their kind advice and helpful work. They have helped us in decisions, arranged and planned endless details and have been true friends to the organization.

To all future "Masquers" we wish to extend greetings, and best wishes for a happy successful year.

Activities

Y. M. C. A. MINSTRELS

Y. Minstrels

Something different in the line of minstrel shows. That is what John F. Myers, our director, started out to accomplish. Did he do it? Ask anyone of the eager mob who filled Alumni Hall to overflowing Friday, November 13th.

The setting of the show was a court room in which astonishing information was imparted in regard to a breach of promise suit. The production was interlocked with many snappy songs and humorous dialogues. In all it was an hour and a half of clean, side-splitting diversion.

Miller, Smith, Jones, Dolbear, Strait, and Yurkewitch were the principals in making the show a success.

The Annual Minstrel Show furnishes the Y. M. C. A. funds to carry on their work in the "Y" hut. The "Y" treasury was increased $175 from this year's work. The Hut is rapidly showing the effects of this swell in funds.

"THE BROWN MOUSE"

Rurban Club Play

THE RURBAN CLUB this year presented the "Brown Mouse". This play dealt with the trials of a young school teacher who was endeavoring to introduce new methods of teaching in a narrow-minded rural community. His "ups and downs" were portrayed by Walter Urban playing opposite Elizabeth Whitmer, the pretty county superintendent and daughter of the communities wealthiest man, Colonel Woodruff. These two deserve much credit for their work which was admirably done. Of course a tempting little love plot was woven into the story, which added greatly to the interest.

The stars were finely supported by the following cast:

Colonel Woodruff.....Charles James
Members of the School Board:
Haaken Peterson .....Myrle Lee
Cornelius Bonner .....Melville Davis
Ezra Bronson.....Alfred Lupien
Their Wives:

The play was very ably coached by Miss Louise Cornish and Miss Catherine Parker.

We as "Rurbanites" wish to thank all who co-operated in making this play a success. The proceeds are to be used to furnish two more traveling libraries for Tioga county.

The Fakirs' Frolic

FAKIRS' FROLIC TONIGHT, was the announcement in the dining hall. Barnum had nothing on us, and only five cents a ticket, too. Talk about fakirs; school teachers are experts in that line. We know, because we went, we saw, they conquered. We entered Alumni Hall through tier upon tier of doughnut, cider and ice cream mongers. Their crys of "Come and try ours" were blended together in the finest rhythm. When the "inner man" was satisfied we walked through the museum of Fine Arts, the Chamber of Horrors and stopped for a time in the Chinese movie show and the playhouse of monologue.

Up stairs we wended our way for the greatest treat of the evening, an operetta given by the music supervisors and "A Ride on the Erie" presented by the Dramatic Club.

Then as the gala affair closed at a stated hour, we adjourned to the jitney dance at the gym. The Red and Blacks entertained us royally, and tired but happy we called it a glorious evening all around.

The proceeds were used to purchase a piano for the girls club house.

The Junior Frolic

THE MOST SUCCESSFUL Junior dance in the history of this venerable institution, was held in the gymnasium on the afternoon of February 27th. It was the first program dance ever attempted by the Juniors, and by splendid co-operation it was far beyond the expectations of the people in attendance. Unexcelled playing by the Red and Black Serenaders gave the affair a completeness seldom found at an undergraduate dance.

The interior was transformed into a remarkable semblance to Fairyland by a wonderful blend of seven colors, potted plants and heavily curtained windows. This made possible moonlight dancing, which was a great success. Delicious refreshments were served after a very excellent program and pleasantly surprised both visitors and the school

Congratulations were poured on the Juniors from all sides, and the afternoon will long be remembered as one of keen enjoyment and a milestone in Junior progress. Mr. Brooks and Mrs. McKinney aided materially in the successfulness of the dance and too little praise has been accredited to them. The Juniors of 1926 may well be proud of the Frolic put on by their own industry, combined with enthusiasm and resourcefulness. It is hoped that oncoming Juniors will keep up the standard set by the class of 1926, thereby showing the capabilities of a Junior in college.

—Britton Davis.

The Middler Hop

THE MIDDLER HOP was held in the Normal "Gym" Saturday afternoon, March 20, from 2 to 6 o'clock. Over two hundred fifty students, faculty and friends attended. Music was furnished by the local Red and Black Serenaders. The large hall was attractively decorated with pot flowers, streamers and colored balloons. From the balcony colored spotlights were inter-changeably reflected upon the well filled floor. A spectacular feature of the dance was the "balloon-grab" at which all obtained souvenirs of an event long to be remembered.

During a short intermission all enjoyed the selections rendered by the school male quartet. At this time, also, refreshments consisting of punch and Easter cakes were served.

A great deal of credit is due the class president, Grover Worthington, his cabinet, the decorating committee, Mr. Brooks and all others who contributed toward making the event a successful one. —E. L. B.

The Senior Prom

IT WAS A BEAUTIFUL SPRING EVENING. The boys and girls of Mansfield Normal's Senior Class, Alumni, and their guests were filling the gym to capacity. Everyone seemed excited and was eagerly looking forward to a good time. As we entered the hall the most beautiful decorations were apparent. The color effect of blue, pink and white was very appropriate for Spring and much credit is due Mr. Brooks, the superintendent of grounds and buildings, for the large part he played in the arrangement of details. Some outstanding features of the decorations were the dolls which were cleverly arranged in swings; the pagoda porch trimmed wth flowers, for the orchestra, and the April shower of confetti.

The Red and Black Serenaders furnished their usual type of fine music. The program was very well given and enjoyed, while the refreshments were voted the best ever, consisting of chicken sandwiches with lettuce and mayonnaise, fruit salad and lemonade.

The occasion was a success, thanks to the Prom Committee, the officers and members of the class. May the Senior Proms of future years continue to be as enjoyable.

CARL F. NEWELL.

Y. M. C. A. Dance

ACCLAIMED to be the best and certainly one of the most pleasurable events of the year given for the Y. M. C. A. members was its dance on February 5th. The dance was given in the "Y" hut, which was beautifully decorated in blue and white. The music was furnished by Holleran's Collegians and it was fine. They certainly aided in making the party a success. Refreshments were served and a short program was given. We shall never forget the elimination contest.

The occasion was a success, thanks to the committee in charge. May the Y. M. C. A. Cabinet of 1926 and succeeding cabinets do as well.

Opera

At this time the success and beauty of this year's opera are still a matter of conjecture; for it will not be produced until after this book is published. Any production is, however, sure to be a success under the wise direction of Mrs. Steadman.

The opera chosen for this year is "The Bohemian Girl" by Michael W. Balfe. Fred Ringrose, Donald Watson, Howard Squires, Huber Howell, Misses Rachel Jones and Euleta Bunnell are taking the principal roles. They are supported by an excellent chorus and there is promise of beautiful scenery. There will be two productions of the opera and a dress rehearsal for the Juniors.

From all accounts the opera should be a brilliant attraction during our Commencement Week.

Living Pictures

The Art Club was responsible for the presentation of this unique and enjoyable program. Twenty pictures by master artists were chosen to be posed by living models. With the aid of gilt frames, behind which the models posed, a decidedly real effect was obtained. The pictures which impressed the writer most were "The Sistine Madonna," "The Blue Boy," and "The Indian and the Lily." Other pictures were equally good. The Music Department aided greatly in the production because they sponsored the fine musical numbers which accompanied many of the pictures. Two feature numbers of the program were the "Minuet" and "The Dance of the Nymphs."

Miss Wheeler and her helpers are to be congratulated greatly on the finish and beauty of this program.

Alumni Notes

"All the world's a stage,
And all the men an women merely players;
They have their exits and their entrances"—

This quotation from Shakespeare may be aptly applied to the brief careers of the students at M. S. N. S. or at any school. The scenes have rapidly shifted and the cast of players has repeatedly changed since the first actors appeared in the early Sixties. They receive the glamour of the spotlight in the center of the stage today and disappear tomorrow while others take their places, forgetting their predecessors in a short time, with the careless manner of youth.

It is deeply interesting to note the various professions that our graduates have taken up and it gives us a thrill of pride to learn that such a large number have not only succeeded, but attained the top of their particular field of endeavor.

In whatever life work they have selected—medicine, surgery, ministry, law, teaching, coaching, professional baseball, politics, dentistry, army, etc.—our graduates have upheld the noble ideals and fine moral principles, inculcated into the very fiber of their being, during the few years spent at their Alma Mater.

Hundreds of Alumni pay "their school" a fine tribute by sending their children, grandchildren or near relatives to Mansfield and encouraging others to come. A large percentage of this year's Junior class admitted they came on the advice of some Mansfield graduate who warmly recommended this institution to them.

The Alumni body in turn look with pride and hearty approval upon the rapid strides that Mansfield has taken in the educational world during the past few years. The possibility and nearing probability of Mansfield's becoming a four year college strikes a responsive chord in the breasts of the Alumni and they are one and all proud to say, "I am an Alumnus of that school."

It would be obviously futile to attempt doing more than briefly mentioning the "whereabouts" of a few of the more recent graduates, whose names are among the thousands on the Alumni roll. Therefore, the members of the graduating classes of the last decade receive the most attention in the following partial record:

At the beginning of Gov. Pinchot's talk to the assembly gathered in Alumni Hall last fall, a fine tribute was paid to Mansfield Normal. He said that more former students from this institution were in his cabinet than from any other school. The men to whom he referred were: Judge G. Woodruff, Attorney General; Hon. Joseph J. Walsh, Chief of the Bureau of Mines; Hon. William D Ainey, Chairman of the Public Service Commission; Hon. Peter Cameron, Banking Commissioner and Charles F. Hoban, Department of Education, Visual Education.

Music

How applicable to this place are the words, "There's music in the air,"
Where'er you walk you can hear it, in rainy weather or in fair;
Any day you can hear a poor junior warble when walking along the Arcade,
"I had a little pony", some tones higher than for which his voice was ever made.
I'm afraid if the said pony should ever come to life,
He would promptly again die of sorrow that his master had come to such a plight.

Perhaps you go up on Normal hill to meditate upon the beauties of spring,
Oh! what are those high shrill sounds which upon your eardrums ring?
Is it a message from Mars or simply a cricket chorus?
Which can be heard at this time of year in any swamp or forest;
Again it comes and you exclaim, "Ah me."
It is only some poor music student trying to reach high C.

On Saturday morning in the Library you are enjoying a good book;
When suddenly you jump to your feet and wildly around you look;
Crash! Bang! again it comes and you begin to shake,
Is it the building falling down, or a playful little earthquake?
But you feel Miss Doane's eyes on you and you are ashamed of your action,
When you realize the noise was simply the Junior High band at practice.

At lunch in the dining room you are about to eat,
When a musical sound upon your hearing beats.
Can it be that they now provide an orchestra to play,
So that you will not mind the hash, beans and oatmeal from day to day?
Then you place at your plate and wildly for your spoon you grope,
For you have just realized it is Monday and the menu is soup.

A Thirty Second Essay
By Dr. Hank Cane--LXD., NUT., DPWB.

How often have we been told, "look before you leap"? Did we heed the admonition? We did. And where did it get us? We are still where we were when we began, we haven't made any progress at all. We looked before we leaped, and someone leaped before us. Perhaps the "wise men" who originated the saying weren't so wise after all. Listen * * * * *

One summer, several years ago, I spent my vacation at a little lake in the mountains. I was walking along the shore one day when shrill, piercing, watery cries for succor smote my ears. I ran to the edge of the dock, from whence came the sounds, and saw there, struggling in the water, almost exhausted, a maiden. I was about to leap to her rescue when I recalled the old adage "look before——". I stopped and looked to determine whether or not she was pretty, and if she were worth saving; and while I looked another leaped before me.

He saved the girl . She was very pretty, and soon they were married, although her savior was a homely little runt. And that, children, is the reason why I am single today. I looked before I leaped.

Moral: If you look before you leap, someone will leap before you.

I thank you for your kind attention. Good afternoon.

Friendship

Though by the decree of Fate thou art deprived of wealth, fame and fortune —yet one true Friend remaineth—I pray thee be content. The value of friendship cannot be estimated. The knowledge of the binding cords of sympathy existing between two hearts will illuminate the dark paths of sorrow with a divine halo and bring to the weak, broken spirit a consolation, which is priceless, and the fevered brow of pain, is soothed with a caress of peace.

Cherish therefore the love of thy friend as a miser covets gold. Yea, of much greater value is thy friend's confidence.

To keep thy Friend thou must prove thyself worthy.

Avoid all thoughts of envy or malice as thou wouldst avoid the fangs of a deadly serpent. Even more dangerous are such thoughts, for their presence may bring bitterness and contention.

Guard well the words of thy mouth, lest these serve as a two-edged sword to sever in twain the golden cords.

Be ever willing to bestow deeds of charity and kindness as opportunity is afforded. Let the sweet perfume of love and purity radiate from person, word and deed that thy presence may ever be as welcome as a sunbeam pouring into a dungeon.

Be mindful always of that the greatest principle of life: "Whatsoever thou would that men do to thee, do thou also to them." And friendship shall be thine forever.

A Midnight Tragedy

Silence reigned and darkness, utter darkness. The stillness, reminiscent of the grave, was accentuated by the heavy and oppressive atmosphere. Outside, thick and ominous clouds veiled effectively the feeble light of the midnight stars. Suddenly, without warning, a groan, low and indistinct, vibrated through the Stygian blackness. It was repeated, once, twice, like the cry of a human soul in pain. The last sound died away and stillness, the same oppressive stillness ruled again. But not for long, the moaning cry was repeated, the same low, terrifying cry of anguish and despair. What could it mean? Hark! a rustle, a clanking of chains, a movement in the gloom. Could this be a spectre come to haunt the living? Some prophet of disaster and destruction? The rustling continued, weird and ghostly in the darkness. With each passing minute, the movement of the unseen something became more violent, more agitated, until———Bang! A deafening crash echoed and re-echoed through the chamber followed by a hoarse shout. Was it of anger, terror or dispair? Someone, something struggled to speak. At first the sounds came faint and unintelligible. At last out of the meaningless jargon came these words, "Confound that narrow bed."

Augustus Smith

I wish to transplant your thoughts, from the alleged modern methods of the present day and its products, to the biography and futuristic conception of a child in a fabulous era two thousand years from now, namely, Augustus Smith, born in the year 2997 A. D. on the northeast side of the leading city in the south pole, Arkustool.

Augustus Smith came into this world early in life, endowed with many of the heritages, both physical and mental that are usual in the case of the male species.

Somewhere back in the age of electricity a group of well-meaning ancestors had started a better baby campaign, and Auggie in the year 2977 A. D. was a brilliant perfect and superb specimen of this super-ultra way of breeding. He could speak six languages, solve kindergarten algebra, compete with the best athletes, drive a tramaplane, sheik the flappers, as the ancients would say, and Auggie accomplished these feats at the age of two years.

And so, before his parents died, as they always do, since there is no need to protect their versatile offspring, they had predicted a marvelous future for him.

Auggie spent his youth in learning the ins and outs, and ups and downs of aerial laws and highways or how to live a healthy life in an aeroplane. He had been apprenticed or loaned out to a highly redoubtable tramaplane manufacturer, which you may remember had taken the place of the Henry Ford, and the turtle like Lizzie, and other good cars which you may find in museums.

But as the years advanced and Auggie had attained the age of ten, he had only become a partner in the tramaplane industry and could barely count his paltry savings in woefully small millions. The predictions concerning him had fallen flat, his I. Q. was only 480, just a little above the average, and others less fortunate than he were showing him the way to success.

Auggie's goal had been "Ruler of the universal court" which had started when all the ancients had banded together, after a small feud, into the League of Nations. Although he struggled titanically, Auggie forged ahead very slowly, his gold was worth little to him because some accursed chemist had succeeded in making that element from lead. His small dividends of the firm netted him a measly million

dollars a month, just enough to sustain his brains to working point. Auggie lost weight rapidly and at the age of twelve only weighed 250 pounds, a mere skeleton. And at this stage Auggie couldn't have taken a prize in a beauty contest were he the only one entered.

At the age of thirteen Auggie changed his profession and became an expert at solving the hieroglyphics of the now obsolete bed-time stories. Through this experience he toured the world, even going into the wastelands of North America, where once had ruled a great nation, astounding the intellects with stories of the skillery-skallery alligator and the big bad wumpas, for these were the stories the ancients had delighted in.

Tiring of this oratory, Auggie changed his attention to criminology, and he devised a means of execution that was marvelous, revolutionizing capital punishment by dipping the criminals head in a bucket of water three times and pulling it out twice.

Then came a sad blow to his people. When at the heieght of his glory and fame, Auggie applied for admission to the booby-hatch, the only remaining institution of a lost civilization. He remained there till his death in 3012 A. D., sorrowing and obsessed with the awful blow that had come to him when he unearthed the fact that there was no Santa Claus.

And now gentle listeners, do not let your children come to a similar fate, but inform them of the things that every child should know. Give them a chance to prove themselves of which poor Auggie was robbed.

A Sunset in Spring

A hard day's work was nearly done. After suffusing the earth below all day with its life giving rays, the sun sank slowly into the west. But before it disappeared it cast forth a heavenly-mellow glow, with different tinges of color, over the Normal building. Many of the students paused to watch this wonderful yet rare sight, paused to drink in all the magic coloring that thrilled their hearts. The clouds in the sky were diffused with different colors that the sun seemed to give forth. Some were of rich ruby red, others of a pale yellow topaz, and still there were those that had rich shades of coloring that baffled every attempt of the naked eye to solve their mystery.

Slowly and majestically it sank until now one could see its bottom rim touching the topmost mountain. Watching from the Normal one could see that the valley below already was darkened by the mystic twilight which follows so closely upon the heels of the sun. But the Normal buildings were as yet lighted by the sun for they perched grandly on the side of the hill. The wonderful song birds could be seen flying swiftly to their nests seeking their young before darkness overtook them. The teeming insect life ceased its "Song of Life" when the mystic minute arrived. Then slowly as if marshaling all its forces, the sun sank gently over into the beyond, leaving behind its colors and reflections in the clouds. Quietness then cast its spell for twilight was here. Hypnotiic in itis influence it enthralled the senses until some daring insect uttered "Katy-did." The spell broken, the students moved to their respective duties while one more poetic than the rest murmured

"The day is done and the darkness
Falls from the wings of night,
As a feather is wafted downward
From an eagle in his flight."

AS WE GLANCE through the history of Mansfield State Normal, we find at various times, attempts made to establish student publications. For different reasons none of these has endured. This seems strange for surely Mansfield has need of a school journal the same as any other institution; certainly she has the talent and resources to initiate and perpetuate one.

The Normal has been steadily growing, larger and larger, better and better, until it is now on the verge of becoming a Teachers' College. Yet, despite this growth and enlargement, nothing but distant plans appeared for a school publication. Many students desired it, many had active schemes for its creation, but unforeseen difficulties arose as barrier to progress. Nineteen twenty-five came and passed, yet nothing definite was accomplished.

At this point the Emersonian Literary Society took up the problem, believing that such a project would be entirely within its aim and purpose. Many stumbling blocks were encountered, financial and otherwise, but these were overcome through the assistance of the other clubs and organizations.

Now we have as a result of these efforts, "THE FLASHLIGHT". Although it is small and imperfect, we are anticipating the time when it will represent in full our Alma Mater. May this spark of literary endeavor kindle the desire for a bigger and better paper in the coming year.

FOOTBALL, the game which calls for the co-ordination of mind and muscle; abundance of strength, physical and mental endurance; moral ideals beyond reproof; fair play and sportsmanship; loyalty and co-operation between players; faithfulness to school-trust and honor. Our team of 1925 lived up to every phase of these ideals. Although we did not win all the games, the undying spirit of our team made the season a very successful one. From the game with Wellsboro Independents to the game with Bloomsburg, they played clean, hard-fought games. Their conduct and treatment of other teams brought the most favorable comment from the schools we played.

Much credit is due the "bone crushers" or "shock troops". They bore the brunt of the practice and received little glory.

Taking everything in consideration, S. N. S. had a team of which to be proud, for the glory they brought the school, not only in the games won, but in the gentlemanly conduct wherever they played.

The Games

MANSFIELD—25 WELLSBORO—0

Mansfield opened her season by giving the Wellsboro Independents a crushing defeat. From the first it was apparent that M. S. N. S. had the stronger team. The Independents were composed of former college men, with the pick of the High School, but were unable to stop the rushes of Kellerman, Lloyd and Hill. The Mansfield linesmen opened holes big enough to drive Mack trucks through.

Our backfield made good use of the holes and the game ended 25–0.

Kellerman, Lloyd, Hill, Odell and Mudge starred for Mansfield.

MANSFIELD—12 LOCK HAVEN—6

Mansfield went to Lock Haven with a determination to win. The game was clean and hard-fought. The Red and Black players proved their superiority in all points of the game. Every player showed the true Mansfield spirit of being a gentleman on or off the field, for which the Lock Haven coach in a letter to Coach Russell commended them.

Kellerman and Alden were out of the game because of injuries.

Captain Lloyd, Hill, and Hancock starred for the Red and Black.

MANSFIELD—6 KEYSTONE—10

Keystone came to Mansfield with one of the best football teams in the history of the school. The game was hard fought from start to finish. Captain Lloyd not only starred in his brilliant plunges and end runs, but he showed the fighting spirit that never says "die".

Mansfield scored its touchdown in the first five minutes of play when Odell blocked a punt which rolled over the goal line and was covered by Mansfield. M. S. N. S. failed to prove the goal.

Keystone scored a touchdown and a field goal from a drop kick.

The Mansfield stars were Burr, Odell, Lloyd, and Hill.

MANSFIELD—6 DICKINSON—32

M. S. N. S. went to Williamsport to meet the Dickinson Seminary. Dickinson had a strong team, as usual, and an exceedingly muddy field, which was not improved by the steady drizzle of rain. After the first play all players looked alike.

Dickinson's excellent interference was the "Waterloo" of Mansfield. Their line was a formidable wall which could not be broken by our mighty and struggling warriors of the gridiron. The aerial attack puzzled our boys.

Mansfield's cheering section was small, but "Oh, my!" Its name was "Pep".

Every "Red and Black" man played with grit inside and outside.

MANSFIELD—38 OSWEGO—0

Oswego came to Mansfield with flying colors and an excellent record, hut Mansfield was determined to repeat the victory of last year. The first half called for much grit and quick playing for our knights to carry the pigskin over the line three successive times, scoring 20 points. In the third quarter Oswego gave away under the onslaught of our backs, until in the fourth quarter M. S. N. S. put in most of the second team. The Oswego boys were every bit excellent sports and true gentlement. A greater feeling of good fellowship between the schools came into being because of this game.

MANSFIELD—3 CORTLAND—6

The Cortland game was heralded as the big home game of the season. Cortland's reputation was widespread and they lived up to it. The game was hard fought and very rough. The teams were very evenly matched, except in weight, Cortland being the heavier.

Early in the game M. S. N. S. scored a field goal and hopes flamed high. A number of our players were seriously injured and in the third quarter Cortland scored.

Mansfield recovered and were in striking distance a number of times, but lost the ball. The game ended 6–3.

MANSFIELD—7 BLOOMSBURG—13

Mansfield journeyed to Bloomsburg for the last game of the season. The team was weakened because of the absence of Alden and "Obel" from the line.

Bloomsburg used the Western style of playing and at first threw our fellows offside and baffled them. The game was hard-fought and Bloomsburg earned everything they got.

The feature of the game was the 90-yard run made by Hancock with Kellerman for interference.

The Players

Manford Lloyd, height 5 feet 9 inches, weight 160. position halfback.

Manford, the captain of our team during the 1925 season, has been elected to the same position for the 1926 season. We, as a team, are glad that he is to be our captain. He was a backfield man of merit. "Sy" played for all that was in him and his wonderful spirit brought the team out of many slumps. Manford, we take off our hats to you as one of the best players ever sent forth to represent the school.

Clinton Smith, height 5 feet 11 inches, weight 230, position guard.

"Fat" Smith is a Nicholson High product, and on the line he is nearly as substantial as the Nicholson viaduct itself. Because of his size and his "steam roller" like power, we was a bulwark of strength in the center of our famous line and well the opponents were aware of this. Since he was the largest griddler on the squad is no sign that he was the slowest. Mansfield's chances for a record-breaking eleven next fall are enchanced in the fact that "Fat" will return.

William Hancock, height 5 feet 10 inches, weight 155, position fullback.

Bill came to us from Penn State last winter. Being of the nervous type, people didn't know how to take him. Football season came and it was then Coach Russell uncovered one of the hardest line plungers and one of the best snarer of passes that ever donned a Red and Black uniform.

Bill has the honor of making he longest run of any Normal player in the state by covering 95-yards for Mansfield's only touchdown against Bloomsburg.

"Russ" "Bull" Alden, height 6 feet 2½ inches, weight 195, position tackle.

The young giant from Nicholson received the nickname of "Bull" in the Cortland game because of his terrific charging and tackling. His playing throughout the season was surpassed by no man on the squad and he is considered one of the best linemen that M. S. N. S. ever produced. His football training of previous years, coupled with his cool-headedness and ability to figure out our opponents' plays, made "Bull" one of Mansfield's most valuable "grid" men. As a reward he was given one of the coveted gold footballs and an official "M".

"Russ" intends to go to Illinois next year. If he does we are sure they will develop another "Red" Grange.

Eddie Hill, height 5 feet 9 inches, weight 155, position quarterback.

Eddie came to us from Wellsboro. His former experience gained for him a position on the varsity immediately. Possessing all the ability and tactics of a real quarterback, "Eddie" piloted the team through a successful season. He was a real fighter of the "never give up" type and a very consistent player. Every game that he played in proved that he was a worthy football representative of old M. S. N. S.

Always showing the attitude of a true sport, he will be recorded in the history of M. S. N. S. as one of the most valuable grid men of the 1925 season.

Robert Kellerman, height 5 feet 10 inches, weight 165, position fullback.

When you see "Bob" in action on the gridiron, you would never think him the quiet, easy-going fellow he is around school. Conscientiousness and hard work showed itself in practice and games just as in everything else in which he took part.

An injury to his knee prevented "Bob" from taking part in all the games, but when the bruise was healed he came back as strong as ever, resumed his position on the "eleven" and did his best to make the team a success. He was a clean, hard player and gave one the impression of a football veteran when in fact he had but one year's experience.

"Bob" not only excels in football, but in basketball and track as well. Being a senior this year, we will miss him when the coach calls the roll next fall. Taking him all in all he is—a real pal and team-mate.

Howard Burr, height 5 feet 8 inches, weight 160, position end.

This light-haired lad hails from Canton. We heard that he did "great stuff" for Canton High, and we believe all we heard after seeing him here. Even though he is short and light, Bucky showed us that he is a real football player His fighting spirit and hard tackling won for him a place among our best ends. Aside from football, Howard is a real man. He is clean-cut and of the type that likes fairness. Being that Bucky has two years more, we are expecting big things from him.

Harold Odell, height 5 feet 9 inches, weight 165, position tackle.

Harold hails from little old Mansfield and she may well be proud of this fact. Harold, while a very quiet young man around school, soon teaches his opponents to respect his prowess on the gridiron. In a game he keeps cool-headed and alert—always managing to get "in" on every play.

When the coach sent Harold into a game, he could depend on him to do his best always. He was one of the most consistent players on the team, not only this year, but for the last three years and that means a lot.

But now comes the only sad part of this story—Harold graduates next June and thus M. S. N. S. will lose the services of one of her most valuable "grid" men.

Clarence Lord, height 5 feet 11 inches, weight 160 pounds, position end.

"Squeak", as we all called him, hails from Nicholson. As he has proven very good in the basketball world, he has also proven as good on the gridiron. He had the fighting spirit to the end, which took him from the scrubs to varsity position as end. "Squeak's" slender form fooled many a man when he hit him.

We all wish "Squeak" the best of luck in future athletics.

David Martin, height 6 feet 1 inch, weight 180, position end.

"Joe" hails from Morris, and that town can be proud of him.

It was a treat to see "Joe" tear down the gridiron under punts and make spectacular tackles or pull passes from the air. On the defensive or offensive "Joe" showed stellar ability. At first we were puzzled why "Joe" made more spectacular plays on the home field than he did on foreign fields, but later we found it was because of a "Persons" cheering from the sidelines.

We regret that "Joe" is leaving us this year and we wish him good-luck and success.

Henry Obelkevich, height 5 feet 8½ inches, weight 160, position left tackle.

"Obel" was an unknown Junior roaming the corridors of South Hall until the first football game. After that he has been known to all the Normal School fans as the hardest hitting tackle Mansfield ever laid lamps on. "Obel" starred in every game he played and it was largely by his brilliant work that Mansfield gained her victories. A fighter from the first whistle until the game is over, that's "Obel". "Obel" will be in uniform again next season.

Leo Allis,

Leo came to us from Mansfield High. This was Leo's first year at Normal football and he came through with flying colors. Leo played the guard position and could always be depended on. He was a hard tackler, and always kept his opponent guessing as to what he was going to do next. This being his first year we look for big things from him next year.

Leo is as nimble and fast as a jack-rabbit and as powerful as a locomotive. He just tore through the line to get the man with the ball. How he could watch that ball and his opponent is a puzzle, but that must be the secret of his success.

Donald Watson, height 5 feet 10 inches, weight 180, position center.

"Tubby" is an Athenian product, and Athens can be proud of him. He was a strong asset to the center of our line.

His name does not imply any impediment in his speed, but rather says or means something formidable. "Don" handles the old "potato" with apparent ease, and accuracy. On the signal the ball flies from his hands like a bullet out of a gun; always true and accurate.

"Tubby" will be with us next year and we expect him to carry the Mansfield banner forward.

Grover Worthington, "Grunt", height 5 feet 6 inches, weight 160, position halfback.

"Grunt" is one of our versatile "backs". Whether at home or away, playing under all kinds of conditions, "Grunt" was always fighting with that "bull-dog" tenacity. Not once did he offer the white flag of truce when it seemed as though the opponents were about to cross the line; his lyric tenor voice many times acted as a stimulant and renewed the fighting spirit of his fellow players.

In "Grunt's" veins flows that blood possessed only by the best and truest of sportsmen, by playing the game according to Hoyle.

The football team of '26 will not feel the wants of a halfback for "Grunt" will be with us.

Amos Crediford, height 5 feet 9 inches, weight 155, position end.

Crediford was the type of player we like to see in action. He was always fighting and playing his hardest. When he tackled, the opponent knew that something hit him.

He is leaving us this year. We hope to hear of his work on the gridiron in larger institutions. "Creddie" knew that success comes as a by-product to application, and he meant to achieve his fame by that route.

Earl Mudge, weight 165, position tackle.

Earl hails from little old Mansfield. He had proved himself a star on the M. R. H. S. team and when he tried out on the Normal team he showed us that he still lived up to his reputation.

Earl was a hard tackler and hard fighter. He doesn't know the word "licked". "Fat" will help lead us on to victory next fall.

THE VARSITY BASKETBALL SQUAD

Top Row—Martin (Manager), Gamble, Dolbear, Allis, Marvin (Coach).
Bottom Row—Kelly, Lord, Brace (Captain), Kellerman, Lloyd.

Basketball

Coach .....Kimble Marvin
Captain .....Harold Brace
Grad. Manager.....Karl Van Norman
Student Manager.....David Martin

BASKETBALL is a game requiring speed and accuracy. How advantageous an accurate pass is when a man is cutting for the basket! How many games are won through accuracy in shooting baskets! Normal's team this year surely did possess these requirements. Time after time, their quick and snappy passing proved their predominance in this department. One glance at the scores will be sufficient to indicate their shooting ability.

One item which should not be overlooked is the way in which the members of the team worked together.

Coach Marvin showed superiority in the basketball game when he picked

his different combinations. How smoothly each combination worked! Coach Marvin was boss of his team at all times, and the fellows produced real hard work behind him; the results being a State championship team. Coach "Kim" is to be congratulated on his efficiency. Also are the members of the team who supplemented a championship squad.

Only one game was Mansfield on the smaller end of the final tally. Eleven victories were recorded. This in itself is a feat which for some time has not been accomplished.

The season ended without a team disputing our rightful claim to the State championship.

Keep your eyes on the boys next year.

The Games

M. S. N. S.—19 KEYSTONE—15

January 9

Keystone came to Mansfield with a fast team, much desiring Mansfield's scalp.

The game was close from start to finish, keeping the crowd tense with excitement.

Keystone received the tip-off, but the Mansfield guards were wide-awake, shown by the fact that Mansfield scored eight points before Keystone tallied. Keystone then came to and ran up six points. The first half ended 9–6.

In the second half both sides fouled considerably, which slowed up the game. The game ended 19–15 in favor of M. S. N. S.

Kellerman, Lloyd and Gambel starred for the Red and Blacks.

M. S. N. S.—49 LOCK HAVEN—8

January 15

Our second game was with Lock Haven. The score signifies the type of game, except that Lock Haven showed the highest type of sportsmanship. Fighting to a finish when they knew they could not win. That is the type of teams and players that we admire and like to play. Men who play the game and play it hard whether victory is easy or hope is gone. The two schools feel more friendly toward each other because of the spirit shown in this game.

M. S. N. S.—17 DICKINSON—12

January 30

Dickinson came to Mansfield with a husky looking squad and with intentions of bringing home the bacon.

The game was fast from start to finish. Our boys showed themselves to be superior in every way, but the struggle was so hotly contested as to keep the audience continually on its feet.

Brace and Lloyd starred for Mansfield.

Allis, Kellerman and Kelly did their stuff at guarding, while Lord held down the pivot position; each contributed his share toward our victory.

M. S. N. S.—28 BLOOMSBURG—15

February 6

Bloomsburg came to Mansfield expecting something easy and received one of the bitterest disappointments of their life, a terrible defeat in which only one field goal was gained. So bitter was this pill that they choked with rage when they swallowed it.

Every Red and Black player went into the game with a grim determination to win, and this determination was fully realized. The game would have been the fastest of the season but fouls slowed it up.

Kellerman was the high scorer of the game with 13 points, followed by Brace with 12, and Gambel 3.

M. S. N. S.—32 KEYSTONE—43

February 12

Mansfield journeyed to Factoryville to play Keystone. Here she suffered the only defeat of the season. It soon became evident that Mansfield couldn't win no matter how good a team she possessed. Keystone showed poor sportsmanship in their playing. However, much credit goes to them because of their splendid playing. We believe that under different circumstances this defeat would have been avoided The work of every Red and Black player was commendable.

M. S. N. S.—23 ALUMNI—19

February 19

An interesting game took place between the old times and our fast varsity.

The old timers proved that they had not forgotten the old game. If anything they had improved their form. At the start of the game they nearly swamped the boat bearing the present M. S. N. S. Crew. The score at the end of the first half stood 6–16 in their favor.

The faces of the Normal fans pictured nothing but dullness and gloom. The Alumni were true bulwarks for their stalwart and formidable bodies forbade our boys to attempt a safe pass thru their defense. An occasional long shot brought the crowd to its feet. In the nick of time science and youth enabled us to forge ahead to triumph over our noble brothers, the Alumni. It was a sad defeat for them, but a glorious victory for us.

Apparently licked, our boys, with grit and perseverance without equal, fought on. Because of their spirit the laurels of triumph will remain within the portals of our Alma Mater for at least another year.

M. S. N. S.—34 DICKINSON—25

February 26

At Williamsport our boys again defeated the strong Dickinson team. The spectacular shooting of long distance shots by "Skeeter" Brace featured the game. The little forward, for whom Dickinson had prepared a supposedly safe system of defense, dazzled the spectators by seven beautiful shots before he was put out of the game by the four personal foul route. The whole team played splendid ball and their superiority was evident from the first five minutes of play when they ran up a score of 12–2 on the bewildered Dickinson combination.

M. S. N. S.—24 LOCK HAVEN—9

March 5

The Mansfield team journeyed to Lock Haven, fully realizing that the game was not a hard one. Lock Haven showed improvement over the game of January 15. Their pass-work was good, but of no avail.

Mansfield used all of the nine men of the squad because of the game with Bloomsburg the next night.

At the end of the first half the score was 11–8, but in the second half our men held them scoreless, except for one foul. The final score was 24–9.

M. S. N. S.—37 BLOOMSBURG—34

March 6

The Bloomsburg game! What excitement and thrill those words gave as the students anxiously waited for reports from the game. Mansfield won. Oh, what joy and relief; we are Penna. State Champions.

The game from start to finish was one thrilling and hair-raising moment after another. The spectators were gasping for breath all the while. The players fighting with a determination that is always present when big stakes are just ahead, Mansfield gained the lead and kept it but at no safe distance. Four of M. S. N. S. players were put out on personals, thus creating more suspense for us.

Every man bearing the Red and Black standard was a star and helped bring the game to a successful finish, giving Mansfield the State Normal Championship.

M. S. N. S.—31 CORTLAND—21

March 13

Cortland came to Mansfield with the intention of jarring the crown on the head of the Penna. Champions.

The game was fast from the start. A long period of play before either side scored. The game was close, too close to please the fans. Our team showed wonderful guarding ability and Cortland's hopes began to fade.

During the second half Mansfield crept far into the lead. But Cortland fought to a finish. The game ended 31–21.

Kellerman, Brace and Allis did very commendable work.

The Players

Harold Brace, Forward.

"Spider" is the flashy little forward that has electrified fans many times with his spectacular shooting on the basketball court.

For three consecutive years he led the Mansfield High School team in scoring and was high point man on Mansfield Normal's championship team this season. Brace scored just as well away from home as he did on his own court. This is the real test of a basketball player. His accurate eye, combined with uncanny ability to sift through the opponent's defense, makes him a great scorer and gives him a state-wide reputation.

Bayard Gambel, Left Forward.

Though handicapped by slight physical build, Bayard easily overcame it by his unstinted effort and his indomitable spirit. At basketball he has no superior, being a forward with speed, judgment and the ability of sinking shots from all angles and all distances. At picking passes and breaking up the opponents' plays he is unsurpassed. In this most successful of basketball seasons at Mansfield, we can thank Gambel for pulling more than one game out of the fire. When points are needed Gambel will make them. Although it is his first season on the varsity he plays like a veteran. His natural meek, mild manner is attractive. We like him.

Robert Kellerman, height 5 feet 10 inches, weight 170, position Guard and Forward.

"Bob" hails from Taylor, a town famous for its basketball teams and good players. Taylor certainly can be proud of Bob. He is by nature a quiet, easy-going gentleman with the finest traits of a real man. His strength of character, clean playing, never say die spirit made him a moral asset to the team. He plays the game of basketball, as he does the game of Life, with the best in him. He is ever in the game fighting to his utmost. We are looking forward to his good work in Schools of Higher Learning. We wish him good luck, and hope that the best awaits him.

Clarence I. Lord, height 6 feet, weight 150, position Center.

"Squeak!" That's what they all call him, but no one can draw the analogy. In fact "Squeak" makes little noise on a basketball court, but instead is a very smooth and clever player. The first part of the season found him at center, which he held down very creditably. Later in the season necessities arose which called for another forward. "Squeak" being an all around man was shifted to this position and one of our guards filled the vacancy at center.

"Squeak's" pep and undying fight together with his consistent playing, certainly did much toward turning out our championship team. Although Clarence is planning to take up another phase of life, we surely hope that he is back with us next year.

Hail Nicholson! She sure does turn out some "mean" athletes.

Francis Kelly, height 5 feet 9 inches, weight 165, position Guard.

"Kell" came to us with the splendid reputation of having been "Capt." and star guard of the strong Mansfield High team, runners up for State Champs. He has proved to us that he is still a star guard by holding his man scoreless in seven of ten games. His fast work and timely shots were a great help to M. S. N. S. in winning the State championship.

We hope "Kell" will be with us again next year to help us mould another fast team, but wherever he goes we wish him the best of luck.

Leo Allis, Height 5 feet 7 inches, weight 160, position guard.

Allis is a newcomer in M. S. N. S. basketball ranks, but he is a veteran at playing the game. Coming from a brilliant team of Mansfield High, Leo proceeded to continue his versatile work. This stocky player won the admiration of every loyal student by his ability as a defense man. By his exceptional speed he has broken up many a pass and prevented innumerable baskets. Leo is fast and hard to stop on the floor, as well as being able to keep his forward's score down. The Red and Black's chances of repeating a championship team next year are enhanced by the returning of this natural basketball player and gentleman.

Harold Clark, height 6 fet 2 inches, weight 190, position Center.

Harold originally hails from Masten Park High School, Buffalo, N. Y. He came to us from Alfred University during the season with an excellent reputation which he upheld. He is a large man, but as nimble as a boy. He always seemed to be in the right place at the right time, breaking up the opponents' pass work and shooting. We sincerely hope Harold will be with us next year.

Frank Dolbear, height 6 fet 1 inch, weight 170, position Center.

Frank, a product of Plains, contributed to the championship team. His height gives him an advantage over others. When he went into the game we knew that he was going to do his best in true Mansfield style. Frank is a good student as well as a basketball player. We are glad that he is returning next year and will aid us in gaining the championship again.

Manford Lloyd, height 5 feet 9 inches, weight 160, position Forward.

Lloyd lived up to his reputation as being one of the fastest men on our squad A good heady player and a good shot. Playing for all there was in him at all times.

Besides being a good athlete, Lloyd is a good student and a gentleman. Wellsboro may well be proud of her product, and he is well worthy of praise.

Lloyd has another year at Normal and we expect bigger things than ever from him in football, basketball and baseball.

Dedication

To the Basketball Team of '26, the Normal School Champions of Pennsylvania, whose efforts and achievements have raised the standard of athletics at Mansfield, this page is sincerely dedicated.

Girls' Athletics

Girls' Basketball

Captain .....**Bertha Crisman**
Manager ..... **Mabelle Jennings**
Coach .....**Lenore Ellison**

THE GIRLS had a good team this year, but did not have many opportunities to display their ability. Although only two games were permitted to be scheduled, regular practices were held and the girls came out faithfully. We are one of the few Normal Schools who have an organized team, and for this reason, we should think more of it.

The first game was with Wellsboro, the final score being 9–6, in our favor. The defeat of last year was erased by this victory. The game was close and exciting throughout.

The Juniors put forth some good material. They showed what they could do by coming out victors in a Junior-Senior game. Besides this, four Juniors were on the Varsity team.

From the above, it appears that a strong team will be developed again next year, and we hope they will uphold the good record that has been established.

—Mabelle Jennings.

The Games

WELLSBORO HIGH SCHOOL—6 MANSFIELD—9

The first game of the season was with Wellsboro High School on the Normal court, resulting in a victory for Mansfield.

The game was exciting throughout, and close guarding on both sides was done, as the score indicates.

Davis, Crisman Shaw, and Kehrli played a great game.

The team started the season out good. Let's keep it up.

Miss King and Miss Hart refereed.

DICKINSON COLLEGE—41 MANSFIELD—28

The team journeyed to Carlisle where they played against the strong Dickinson College team. It was a hard game, and our girls did their best to win, but that isn't always possible.

The forwards, Crisman and Presit did good work, and when they did break through the close guarding they made the baskets count.

Kehrli and Davis worked hard to stop the forwards, but it was almost an impossibility.

Overpeck, Kiley and Shaw at center were on the job every minute.

The season ended with this game.

Where?

Where can a man buy a cap for his knee,
Or a key for a lock of his hair?
Can his eyes be called an academy
Because there are pupils there?
In the crowns of this teeth what gems are found—
Who travels the bridge of his nose?
Can he use when shingling the roof of his mouth,
The nails on the ends of his toes?
Can the crook of his elbow be sent to jail?
If so, what did it do?
How does he sharpen his shoulder blades?
I'll be hanged if I know. Do you?

Prof.—What do you mean by chewing gum in my class that way.

Rules in Case of Fire

The natural thing to do would be to put it out.

If in a closed room open the window and see the fire escape.

If in Mansfield, don't call the fire department.

If the fire occurs in a theater where there is a large crowd of people, jump up and yell loudly, "Fire! Fire! Fire!" This will make it more exciting.

If your old second-hand car catches fire and it is heavily insured, throw gasoline on it.

If in South Hall, stay there, you can't get out.

If you wont to live long, don't let the fire come in contact with you. (N. B.) Fire destroys the texture of the skin.

A Method of Sure Execution

Tie a person to the Erie Railroad tracks. He'll starve to death.

A load of hay upset in front of a minister's house and Urban was working hard to reload it when the minister came out. It being dinner time, the minister invited him to dinner, at which Urban replied:

"I don't think my father would like it."

"Oh, he won't care," said the minister.

Urban consented to come in, but every little while he would exclaim:

"I don't think my father will like it."

At last in impatience the minister said: "Why in the world will your father care if you stop and eat dinner here?"

At which Urban replied: "My father, he is under that load of hay."

THE ONE O'CLOCK MAIL
(With apologies to Service)

I've followed the hearse of all my hopes,
And I've buried them one by one.
Just gaze at me and you can see
What that one o'clock mail has done.

I thought I'd a sweetheart and friends and home,
But now it seems I'm all alone;
Would that others might never sail
With that awful mob, for the one o'clock mail.

But I was young and friends were false,
'I'll write to you often," they said.
So I started right there to wait in despair,
Oh, Lord! I had better been dead.

And this was the start of my fall,
From there it was easy to fail;
I'm cynical and I'm skeptical,
Just because of that one o'clock mail.

Said I to myself, "I'll stay away,"
I said it with almost a sob;
But one o'clock came and I went just the same
To wait in the hall with the mob.

One day (I shall never, never forget)
As I stood waiting patiently by,
A letter was dropped in my own little box,
I thought I should break down and cry,

With heart all a-flutter, I reached in my hand,
I grabbed it with almost a sob—
I held it up close and I rushed thru the crowd
And out of sight of the mob.

With tear-blurred eyes and shaking hands
I tore it open and read:
"Dear Madam—are you interested
In our Spring sale," it said.

And that was the start of my fall,
From there it was easy to fail;
I'm cynical and I'm skeptical,
Just because of that one o'clock mail.

Water Is FREE! Why CHARGE For It?

It would seem that the time is past for such a plaint, from anyone, but even yet it is heard once in a while. "God gave it to us," they say, "why make us pay for it." Evidently such people fail utterly to stop and think. It is true that there is an abundance of water. The earth is saturated with it; the streams flowing through and near our cities and towns are full of it, but who could, or would if he could, go get it from the natural sources of supply, and who would be safe in using it if it were procured in that way? No, the thoughtful person will realize at once that such a procedure would be dangerous, if not fatal, and that really there is no just cause for complaint at the cost of pure, clear, usable water, brought right to our homes, for our instant use and enjoyment, and that what we are really paying for is not the **water**, that "God has given us," but the **service** of those who are harnessing it, purifying it, clarifying it, and transporting it to us.

Compared with other commodities of an equal or even lesser value, the cost of water is very small indeed. It is simply necessary to sit down and calmly try to figure the cost involved in the preparation of water for use and transporting it to our homes; the engineering talent, the pumping equipment, filtration plants, purifying chemicals and machinery; reservoirs and buildings; transportation lines; hydrants; valves; meters; fuel, salaries of workmen, etc., to realize that there is probably no other commodity of so much value, and so absolutely necessary to our welfare, health and happiness, brought to our homes for our immediate use at anything like such a trifling cost.

All negatives of the 1926 Senior Class will—for a limited time only—be filed by us, and additional portraits may be ordered by mail. These may be either of the size originally made, or as much larger as desired. For the latter, one approximately 7x10 inches in size is conceded to be well-nigh ideal and strongly appeals to the discriminating patron when either appropriately mounted or framed. Larger sizes, as well as smaller ones, may be made from these same negatives, all at a moderate cost.
